

Calendar

<http://HappyandBlessedHome.com>

I used free online clip art to make the calendar colorful and fun. I left the numbers off of the months of the year so that you can reuse the calendar again and again. I also created numbers and stickers for identifying special holidays and events as well as counting days. You can fill in the days of the year with numbered stickers, tracing, or free-hand (in the companion blank package)- it all depends upon the age and skill level of your child. I laminated the pages using a [Scotch Thermal Laminator](#) and some [Thermal Laminating Sheets](#). If you want to create stickers you'll need some [8 1/2" x 11" Mailing Labels](#) and you will just cut each sticker to size.

If you would like to share these calendar charts, please share a link to my blog <http://HappyandBlessedHome.com> or to the page that hosts these files. Please do not link directly to just the PDF files (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else. Thanks for subscribing to Happy and Blessed Home. ~ Monica

Numbers to cut and paste into blocks. You will need to print 12 copies to have enough for all the months. Or print one copy and reuse each month. A great way to introduce counting.
