**Purpose:** This printable pack was created for young children to enjoy a St. Patrick's Day themed BINGO game.

**Printables:** This free downloadable packet includes:

40 Playing Cards

Master Card – to keep track of what has been called

Dice die-cut for images and letters

**Directions:**

Print the die-cut dice onto white card stock. Fold all sides of the dice, insert and glue tabs into dice to assemble dice.

Allow dice to dry completely.

Print the “master” playing card and set aside. You will mark off the letter-image combination as it is called. This also enables the facilitator of the game to double check the winner's card. You may want to laminate this card to reuse it again and again.

Print as many playing cards as are needed being careful not to print more than one of each card. This package includes enough unique playing cards to accommodate up to 40 players. If a tie occurs, flip a coin to determine a winner.

Each player will need a playing card and a marker to mark off each letter-image combination as it is called.

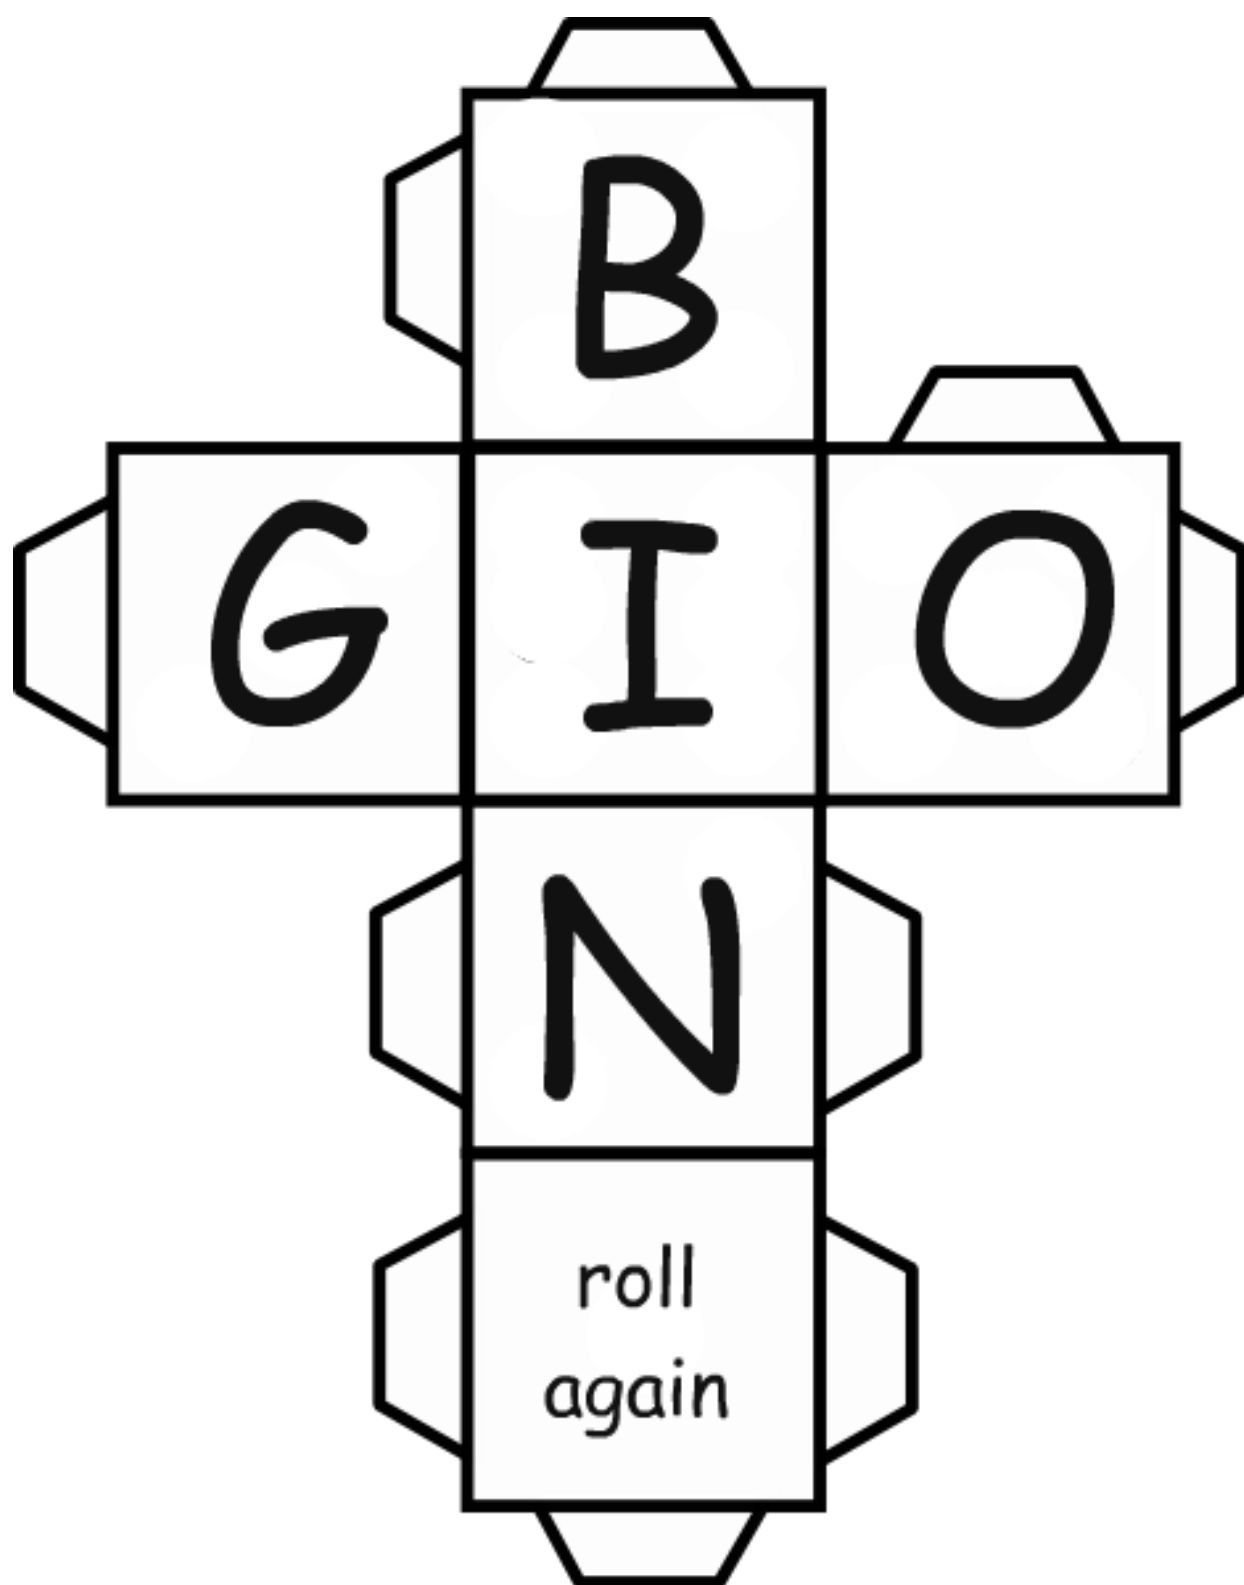

Roll dice and call image and letter combinations until a player gets either one row, one column, or one diagonal completely marked off. If the facilitator rolls the dice with an image-letter combination that has already been called, just roll again. Have fun playing St. Patrick's Day BINGO!
