# Tools we're using in our Preschool Classroom

## Set-up:

Our set-up for crafts is at a [Mickey and Friends Activity Table](#). It's perfect for preschoolers with an easily accessible table and chair height.

For our lesson materials I use a [Board Dudes 18" x 22" Magnetic Dry Erase Board](#).

We enjoy matching games and painting on our [Melissa & Doug Deluxe Standing Easel](#).

## Supplies to create Printables:

- [Scissors](#)
- [Blu-Tack Reusable Adhesive](#)
- [Paper Cutter](#)
- [Single Hole Punch](#)
- [White Card Stock](#)
- [White Copy Paper](#)
- [EPSON Printer](#)
- [EPSON Ink](#)
- [Scotch Thermal Laminator 2 Roller System \(TL901\)](#)
- [Scotch\(TM\) Thermal Laminating Pouches, 8.9 Inches x 11.4 Inches, 50 Pouches \(TP3854-50\)](#)
- If you want to create stickers you'll need some [Avery® White Full-Sheet Labels for Inkjet Printers with TrueBlock\(TM\) Technology, 8-1/2 inches x 11 inches, Pack of 25 \(8165\)](#) and you will just cut each sticker to size.

# Tools perfect for teaching Emergent Readers

A heavy emphasis is being placed on reading in our preschool at home efforts. If you're looking for tools to complement the study on the letter "S", I recommend:

- [Letter Construction Kit](#) - My boys love the way this kit turns alphabet letters into giant puzzle pieces. The pieces are sturdy, slightly transparent and snap together. I love how this set gets my boys interested in constructing letters - its a great way to learn and play at the same time.

- [Big Box of Little Word Puzzles](#)- You may also notice these three-letter puzzles in some of the photographs I've posted. These are a fantastic way to introduce the concept of spelling as well as word/picture recognition. Many short words include the letter "S".

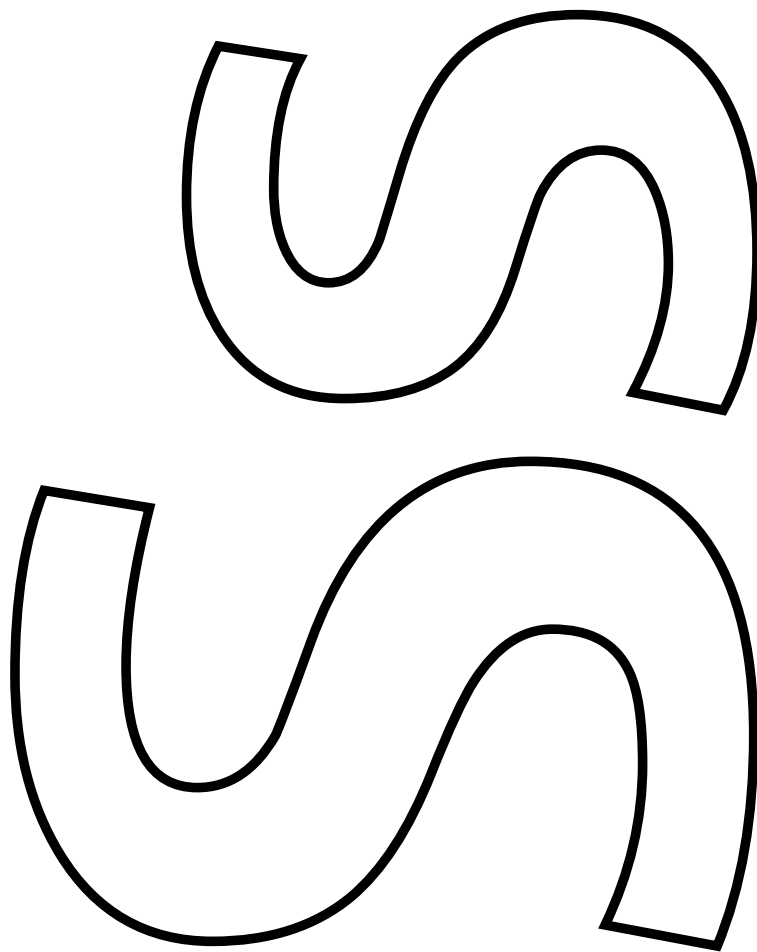

- [LeapFrog Fridge Phonics](#) - My boys love to play with this set of letters. You place the letter into the "sun" and the "sun" recognizes the letter and says "S says ssssss, every letter makes a sound S says sssss." You can still find these fridge phonics as used items on Amazon and eBay. If you don't want to pay the higher "novelty" price, you can get [LeapFrog's Alphabet Factory letter set](#) (less than \$20 last I checked).

# Puppet Craft

**Directions:** This is a sheep puppet craft.

**Activities:** Grown-ups can help the child assemble the puppet. There are two versions of this puppet. An “easy” to assemble puppet and a more “complex” version that requires more effort to cut, color, and glue to put together.

Use yarn, string, pom-poms or other “furry” embellishments for sheep’s’ fur. You can add “google” eyes for the eyes. Use puffy paint, finger-paints, colored sand, or other art supplies to add texture.

You can use this puppet to tell stories or you can use it in a song, such as “Old McDonald had a Farm.” This puppet can be used as a teaching tool – tell your child about the sounds a sheep makes, where it lives and what foods it likes to eat.

This puppet is designed to be used with standard brown bag lunch sack that measures 10 5/8 x 5 1/8 x 3 1/8 inches.

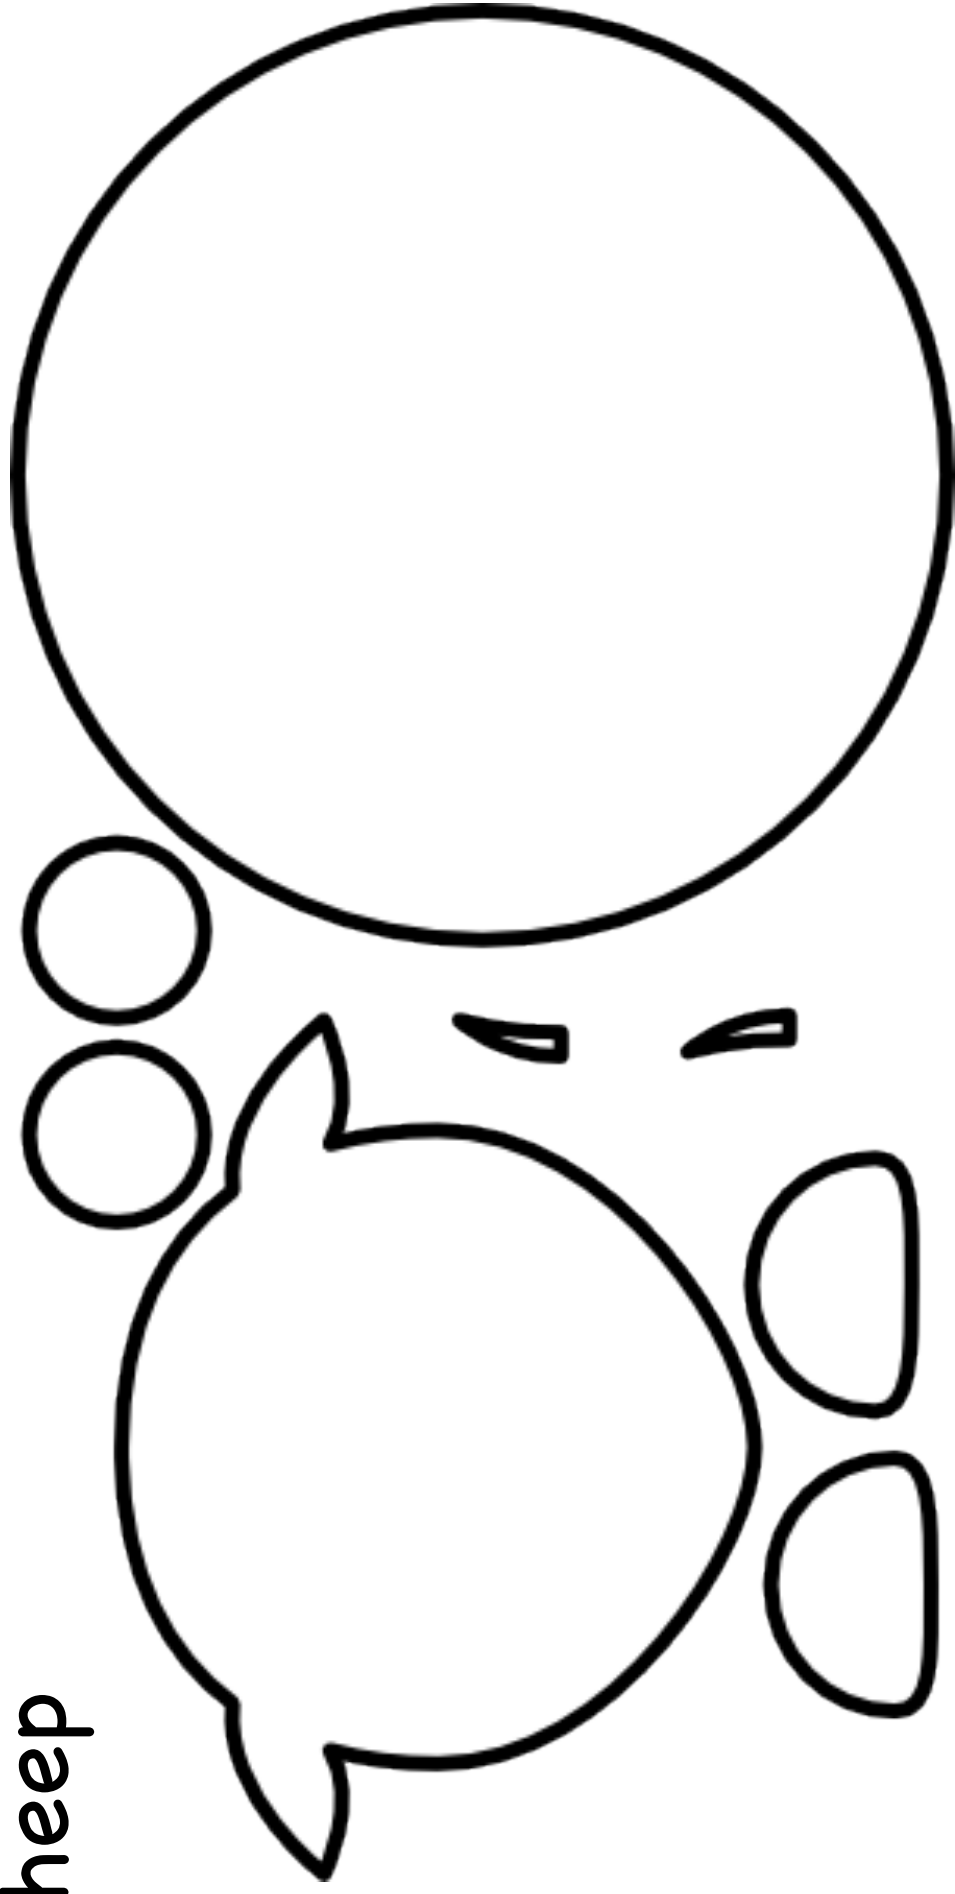

Have fun creating this storytelling puppet with your little-one(s).

sheep

Easy to assemble version. Just cut into two parts – the head and the body. Paste the face/head onto the bottom of the brown paper sack so that when you move the “mouth” of the sack it looks as though the puppet is talking. Feel free to embellish as desired.

# sheep

This version is more complex but allows you to challenge your child to piece together the parts of a puzzle. The adult or the child can color each piece and then cut and assemble the puppet. This version will be a bit smaller than the previous version, but it's the extra-effort required by this version that makes it more of a craft. Once the face and body are assembled, glue the face onto the bottom of the brown paper sack so that when you move the "mouth" of the sack it looks as though the puppet is talking. Feel free to embellish as desired.

# Puzzle Crafts

**Directions:** Print, laminate and cut out puzzle pieces. To assist child, you may want to print an additional page as a guide.

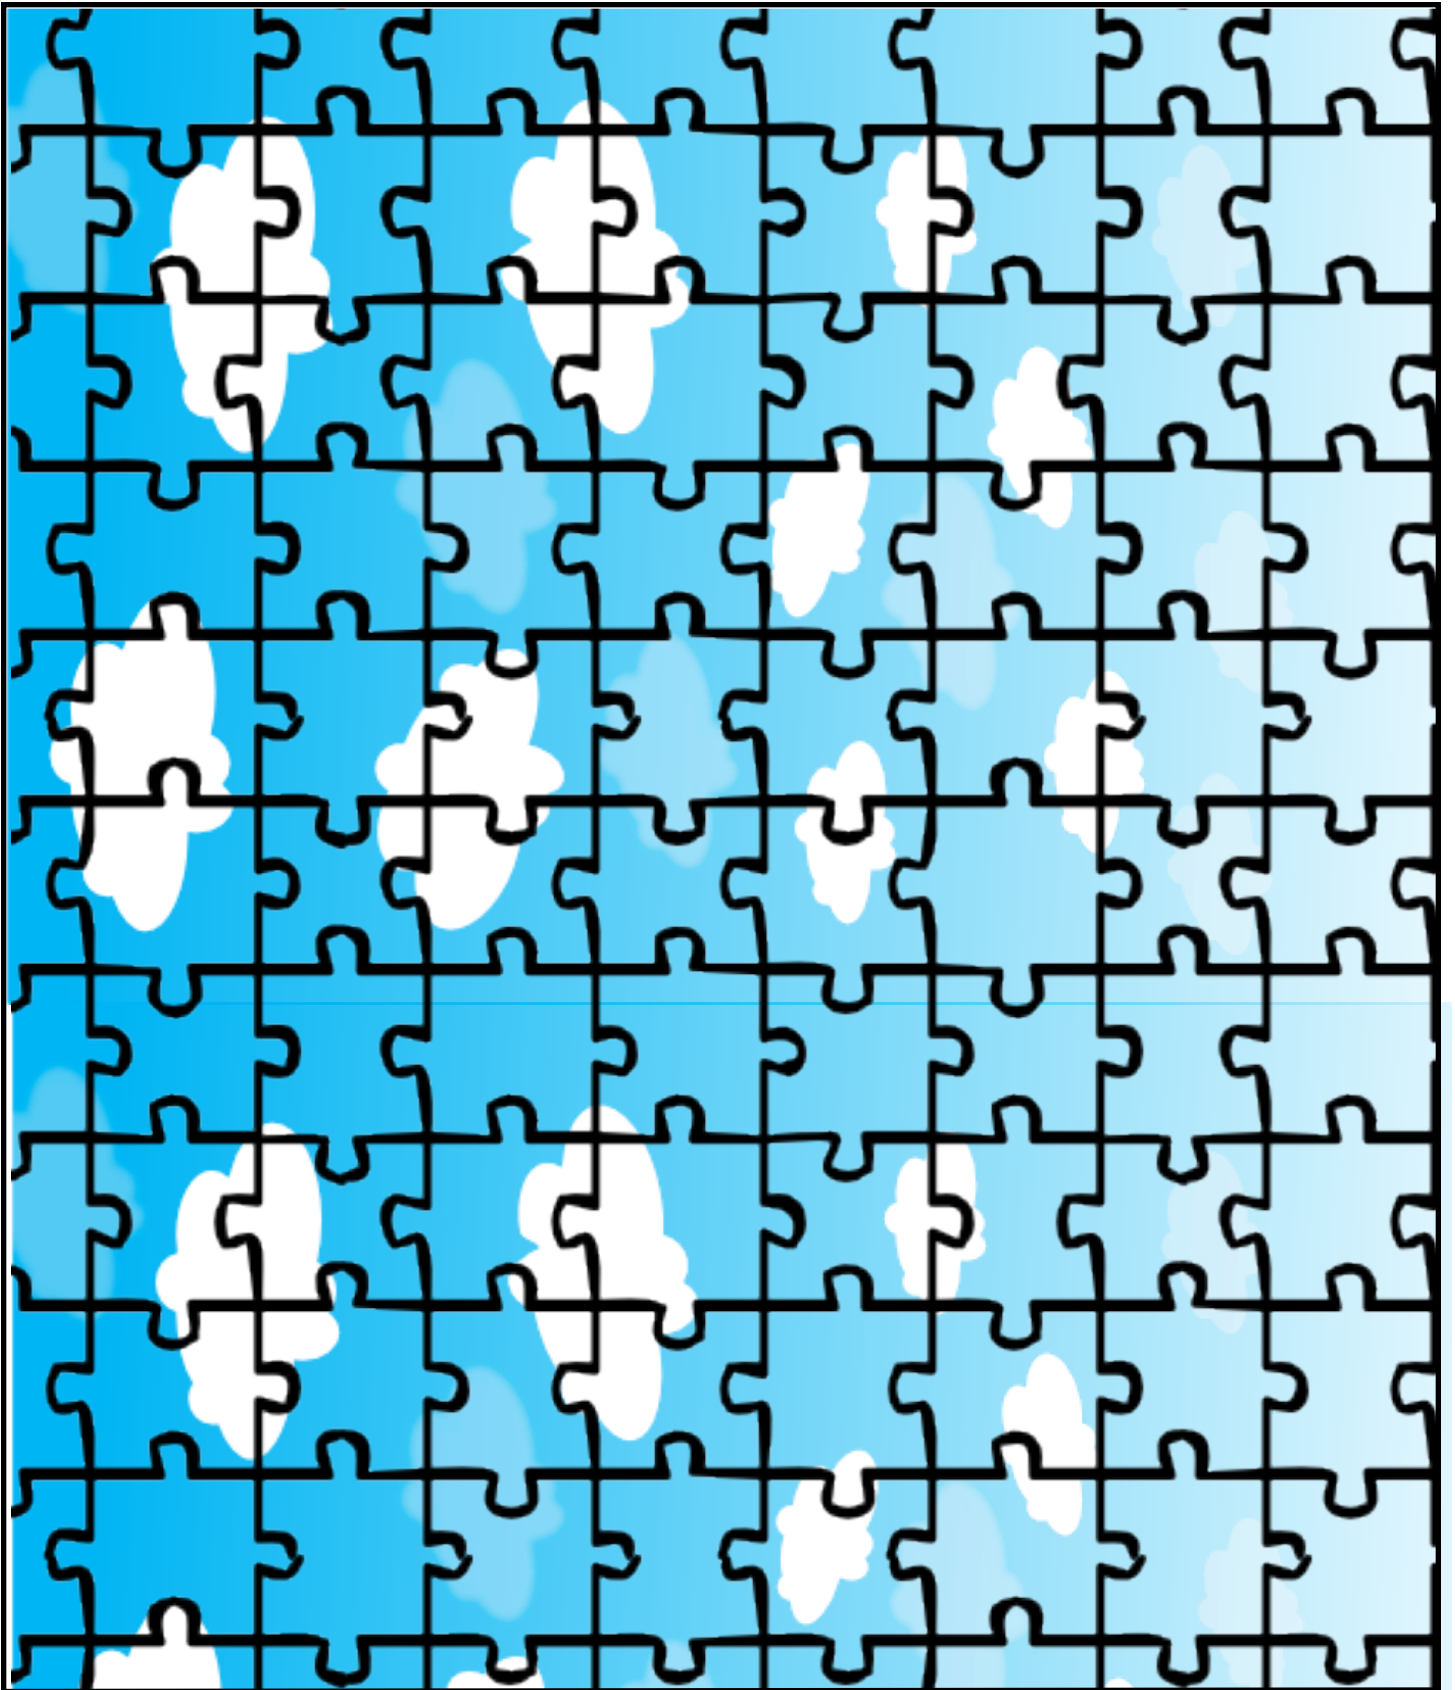

**Activities:** Grown-ups can help the child assemble the puzzles.

Talk about the colors you see. Help your child piece together like colors, patterns and more.

Have fun creating these puzzles with your little-one(s).

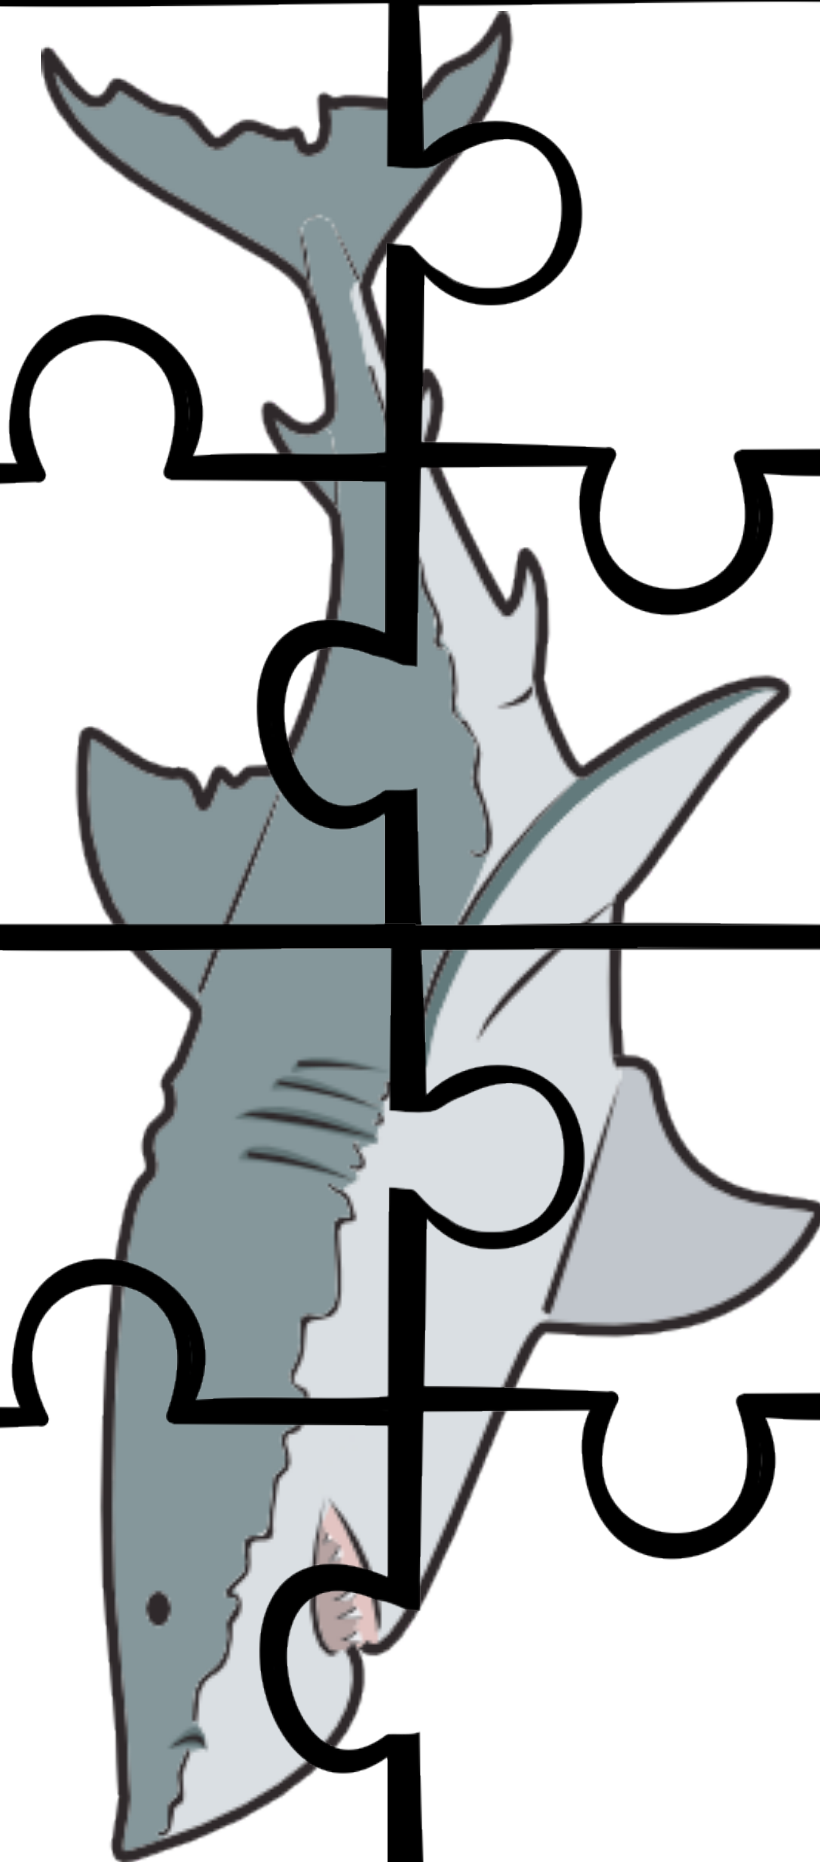

**Special Note:** The sky puzzle is considerably more advanced. You may or may not be able to complete this puzzle with your child. Simpler puzzles are also included.

# Shield Lace-Up

Print, laminate and cut out the picture. Use a hole punch to punch holes into circles near the edge of the picture. The card can be used to practice lacing with a shoestring or piece of yarn.

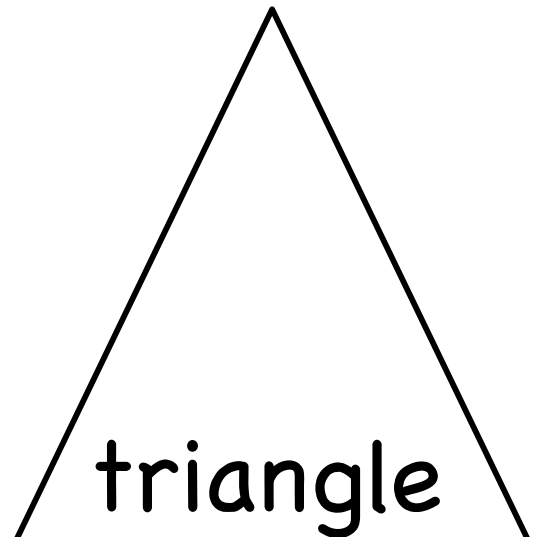

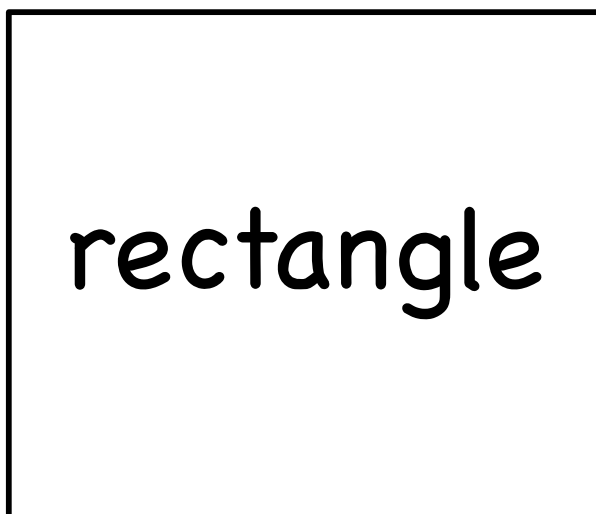

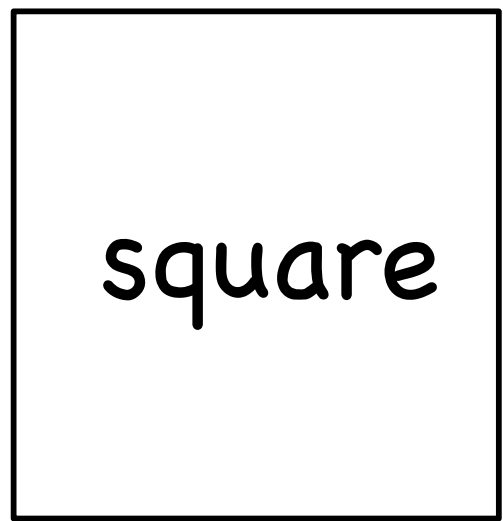

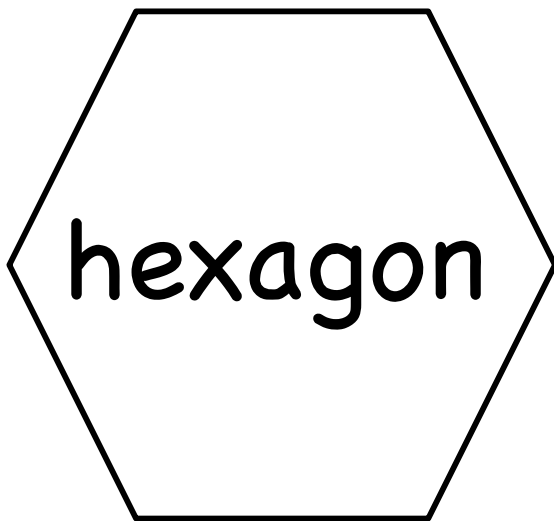

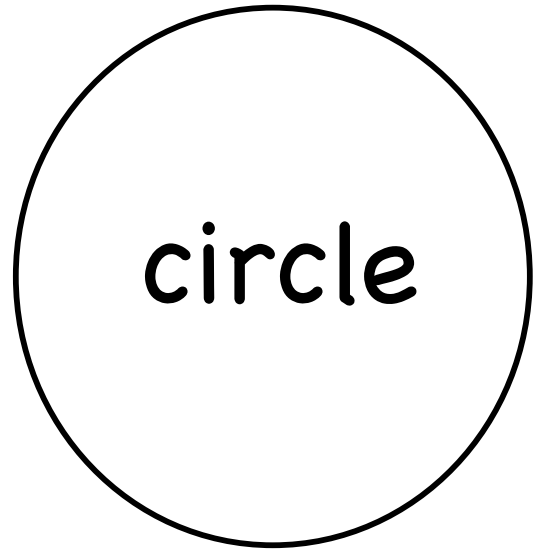

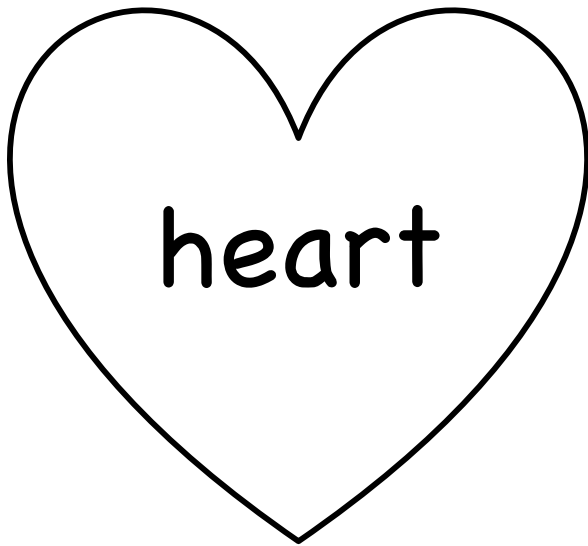

# Cutting Practice

Grown-up: help child cut out along dotted line. Discuss shapes.

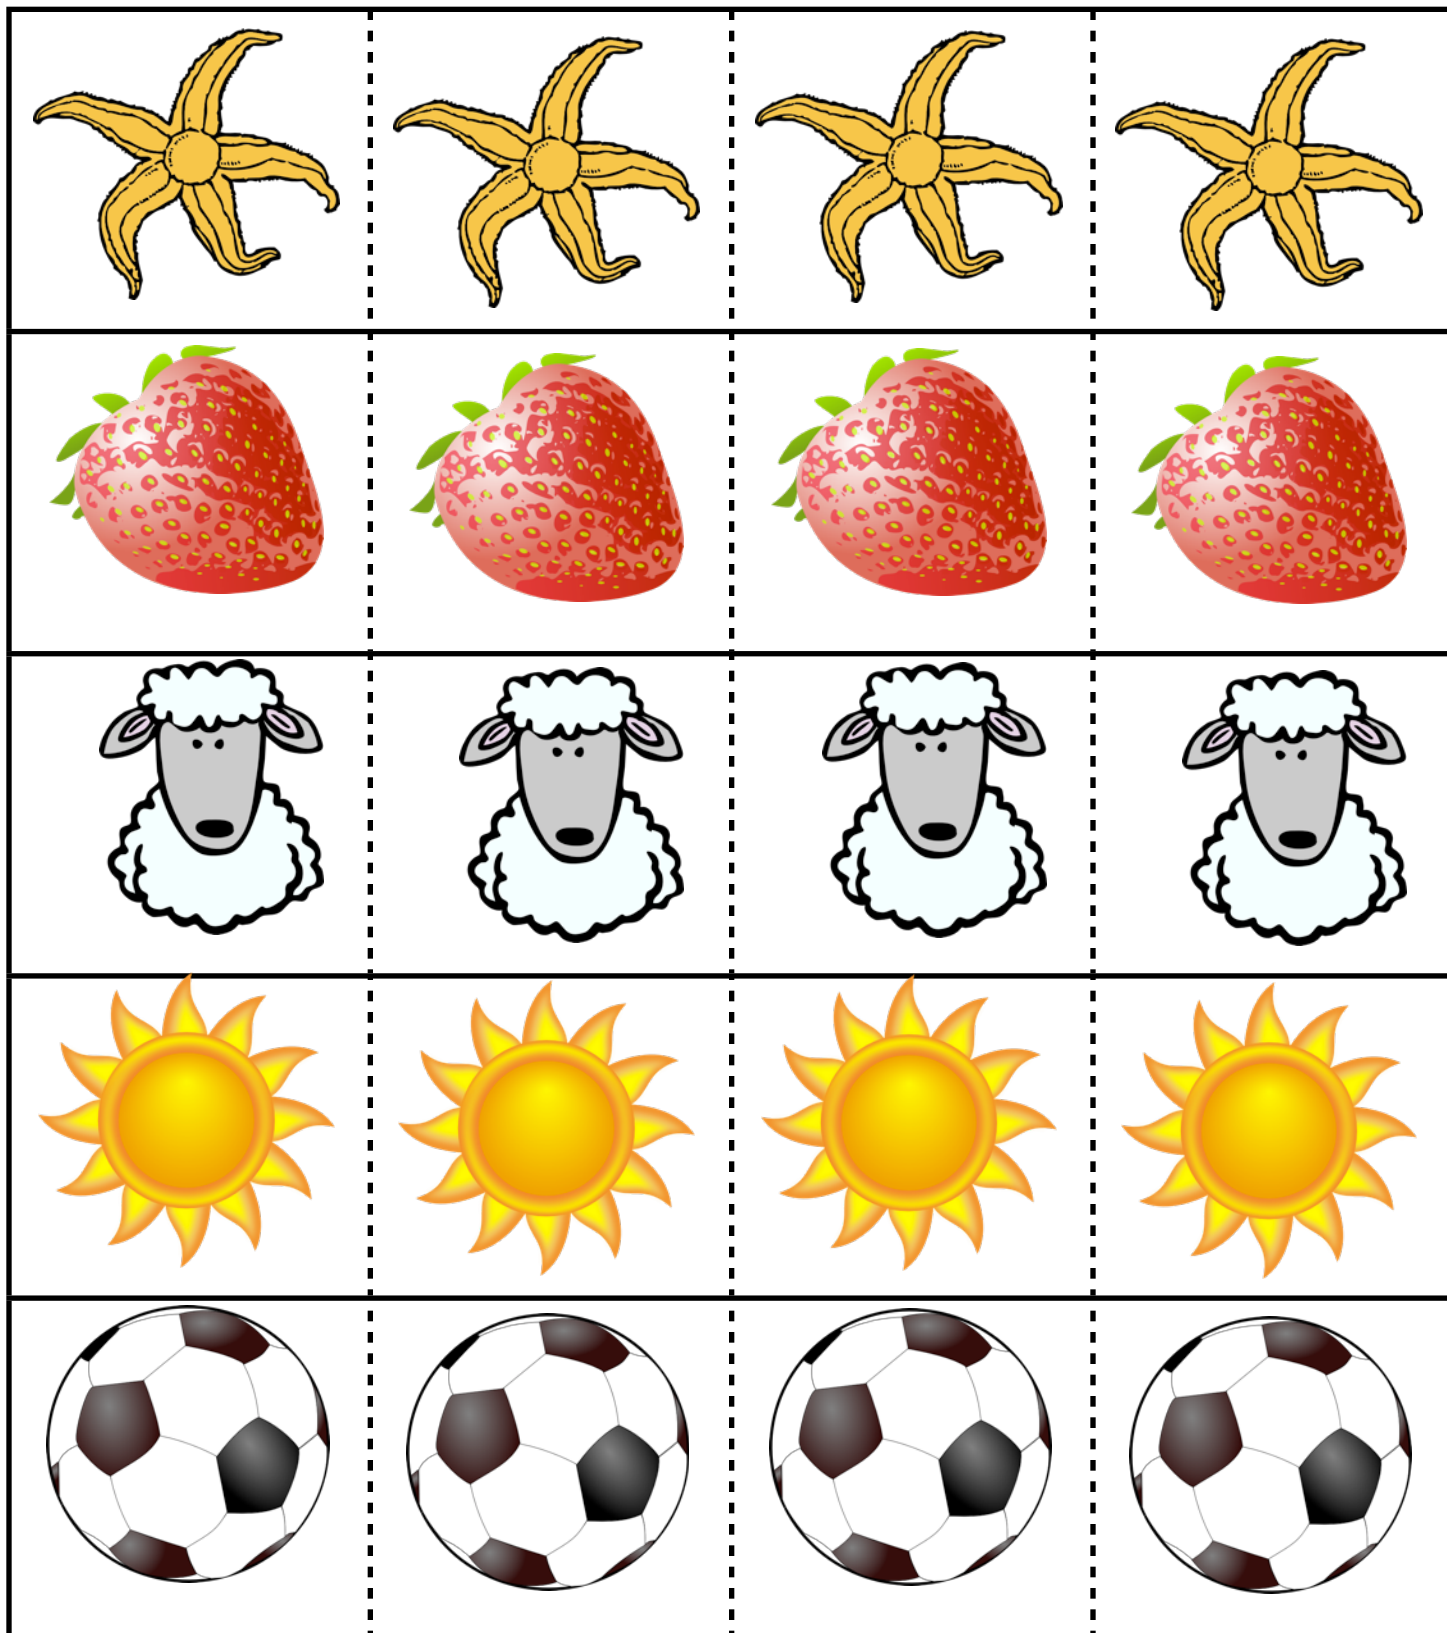

# Cutting Practice

Point out qualities of various shapes. Cut out and align.

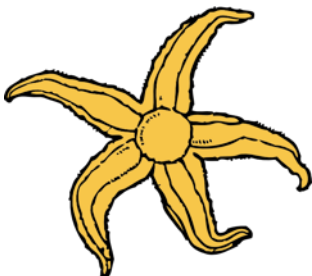

# Cutting Practice

Parent: Cut at dark lines.  
Have child cut along dotted lines.
