Pirate Mask Craft

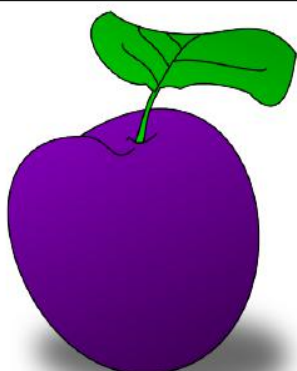

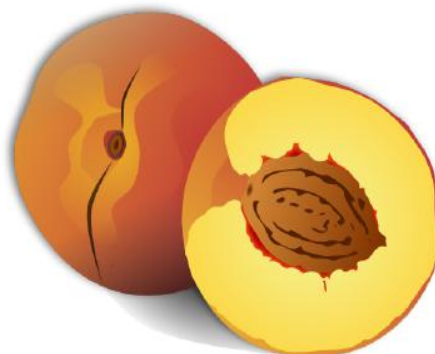

Directions: Print on heavy card stock. Grown-ups can help the child assemble the mask. Use string, ribbon or yarn to tie the mask in the back. Always monitor children closely whenever using string or ribbon of any kind.

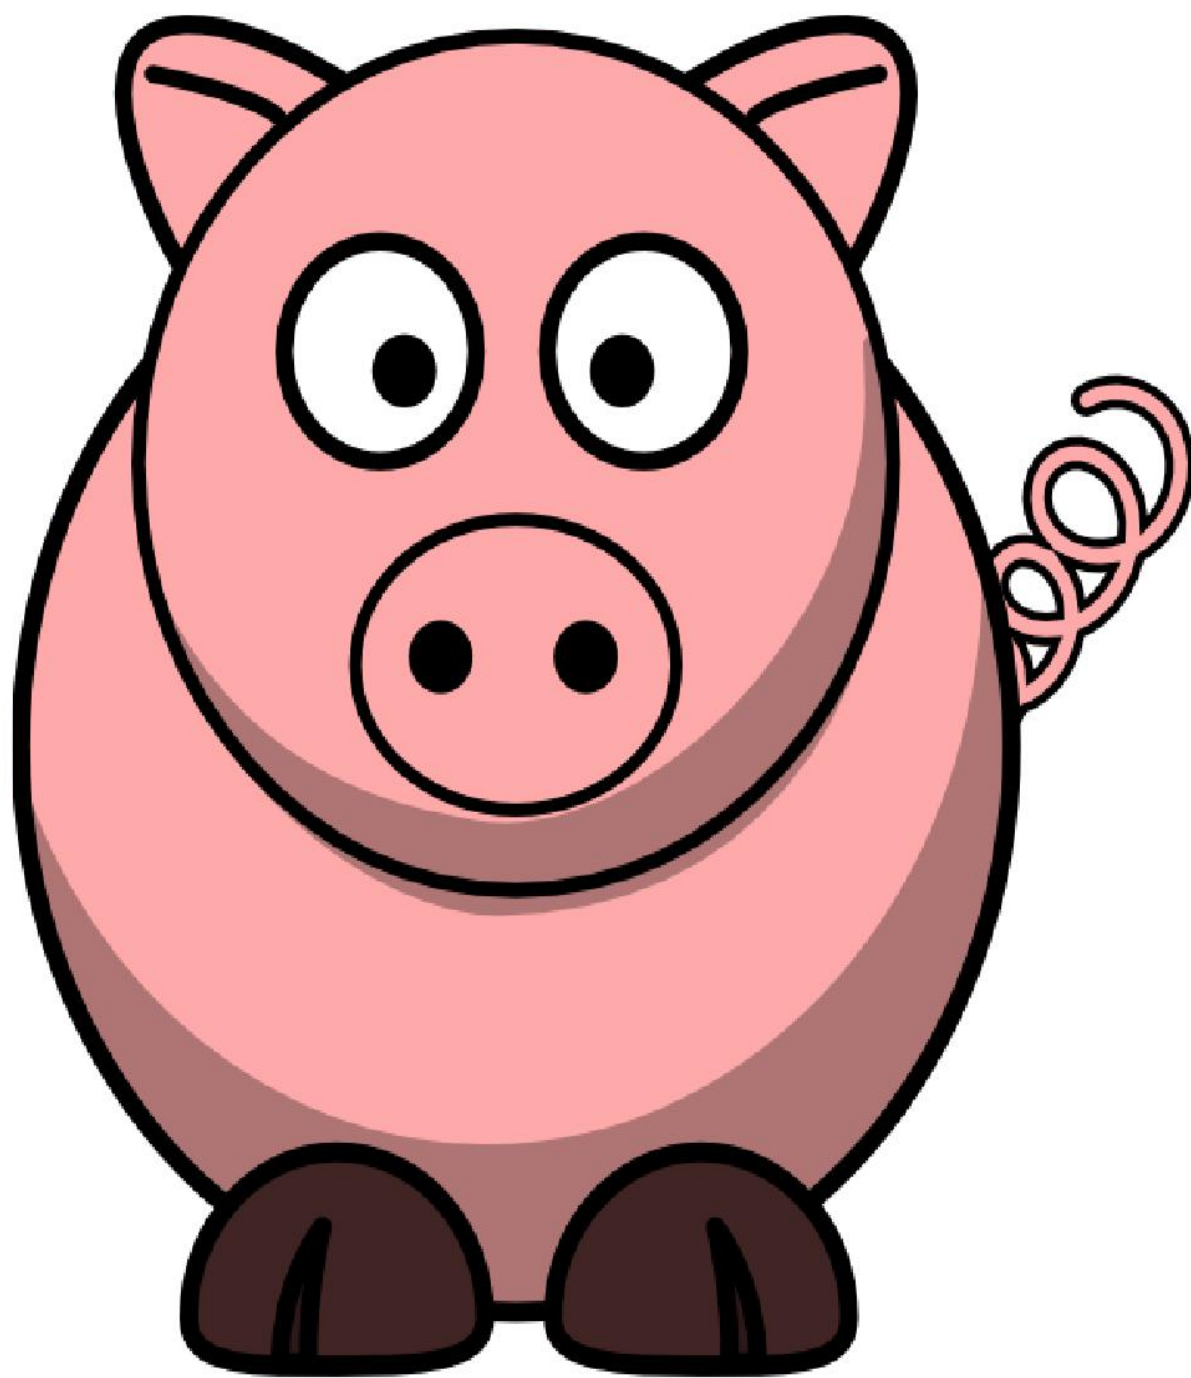

Cutting Practice

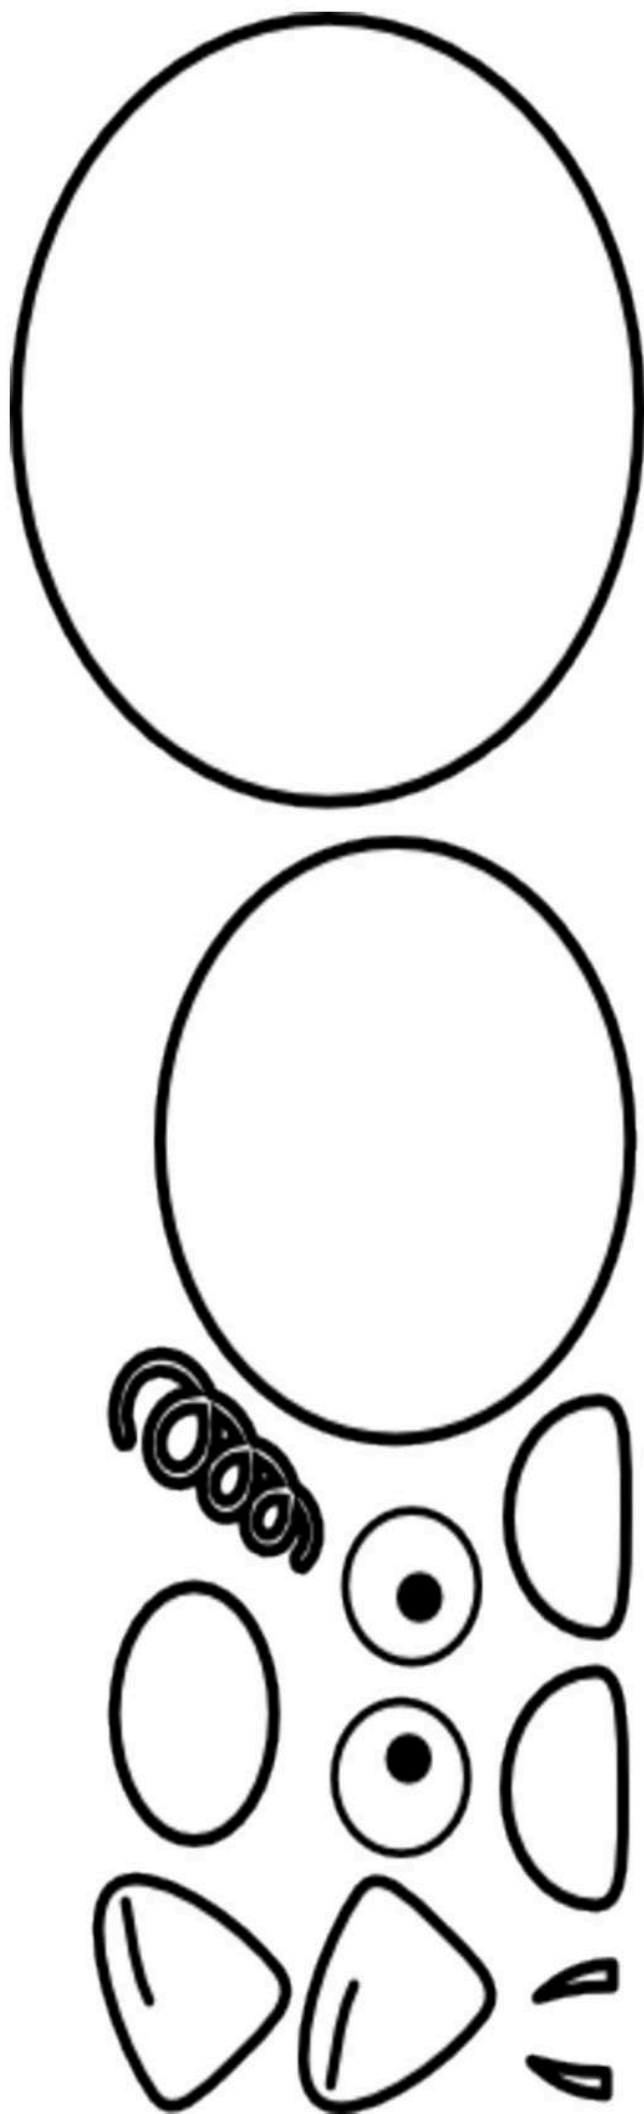

Grown-up: help child cut out along dotted line. Discuss shapes.

Pig: Easy to assemble. Just cut into two parts – the head and the body. Paste the face/head onto the bottom of the brown paper sack so that when you move the “mouth” of the sack it looks as though the puppet is talking. Feel free to embellish as desired.

This puzzle version is more complex but allows you to challenge your child to piece together the parts of a puzzle. The adult or the child can color each piece and then cut and assemble the puppet. This version will be a bit smaller than the previous version, but it's the extra-effort required by this version that makes it more of a craft. Once the face and body are assembled, glue the face onto the bottom of the brown paper sack so that when you move the "mouth" of the sack it looks as though the puppet is talking. Feel free to embellish as desired.
