Make a “Bb” with buttons. You can use real buttons or cut out the buttons from these pages to create a button craft.

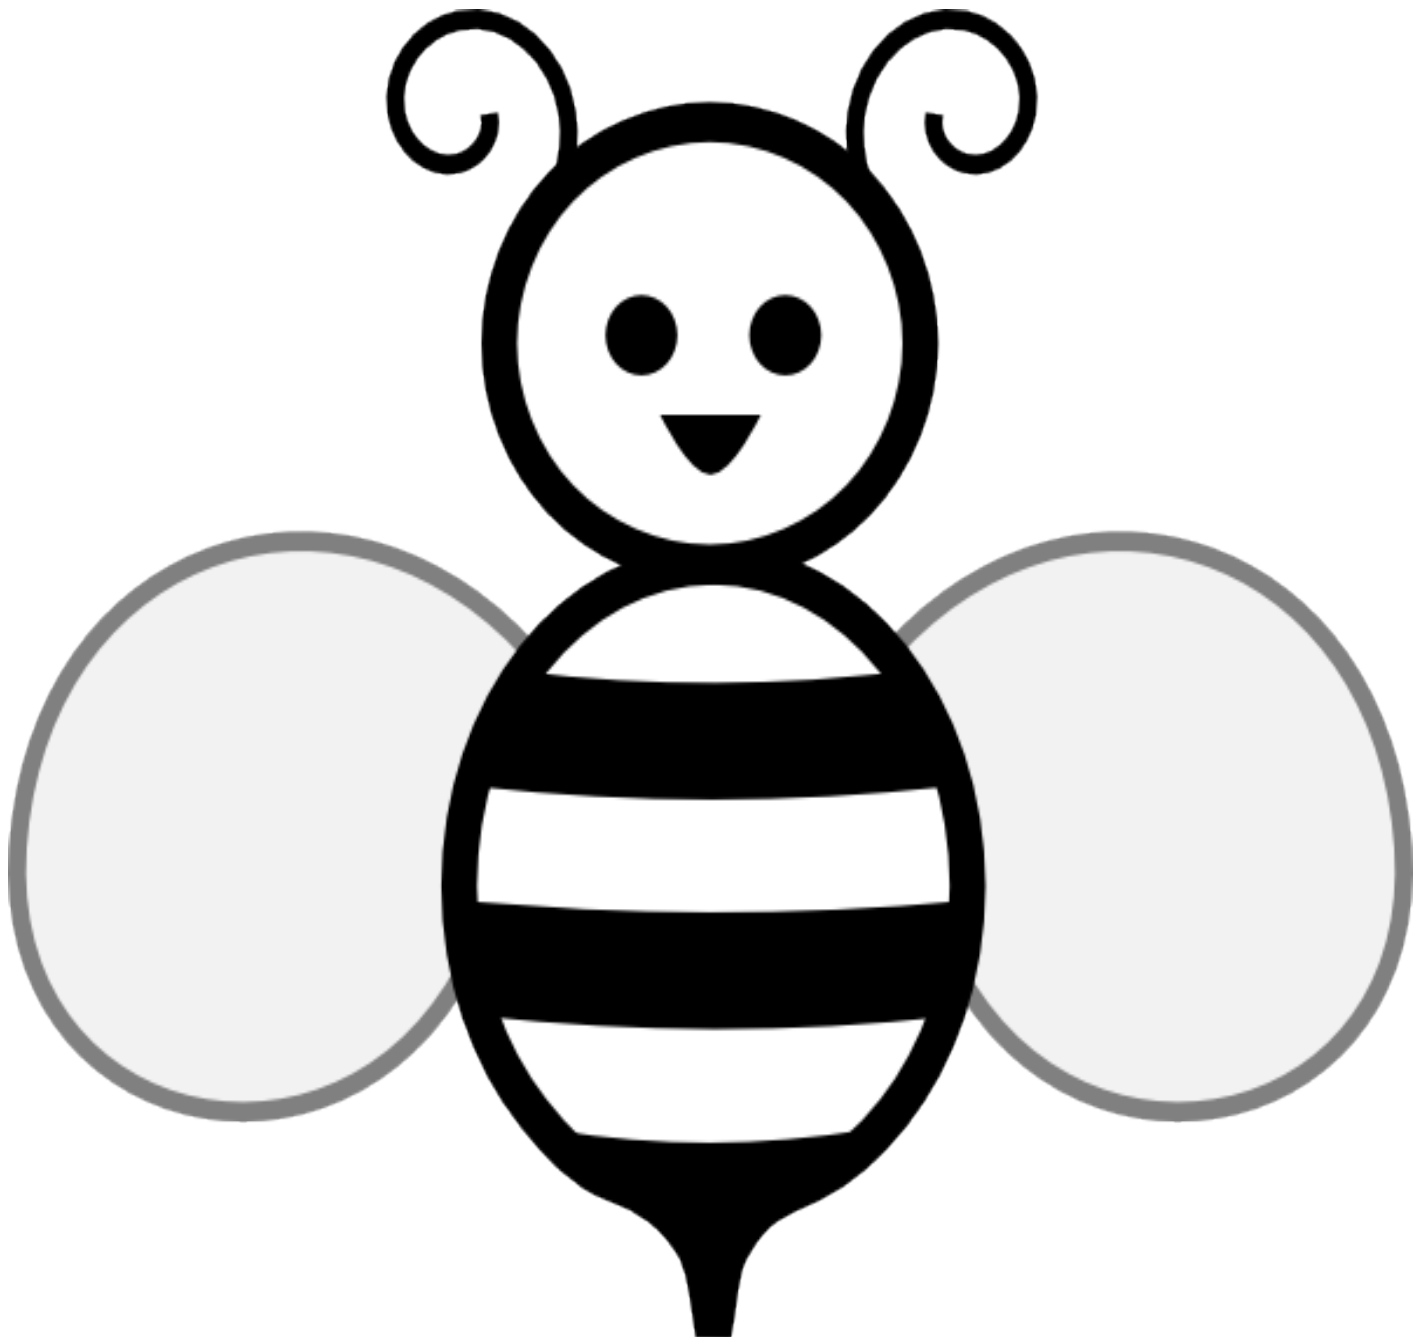

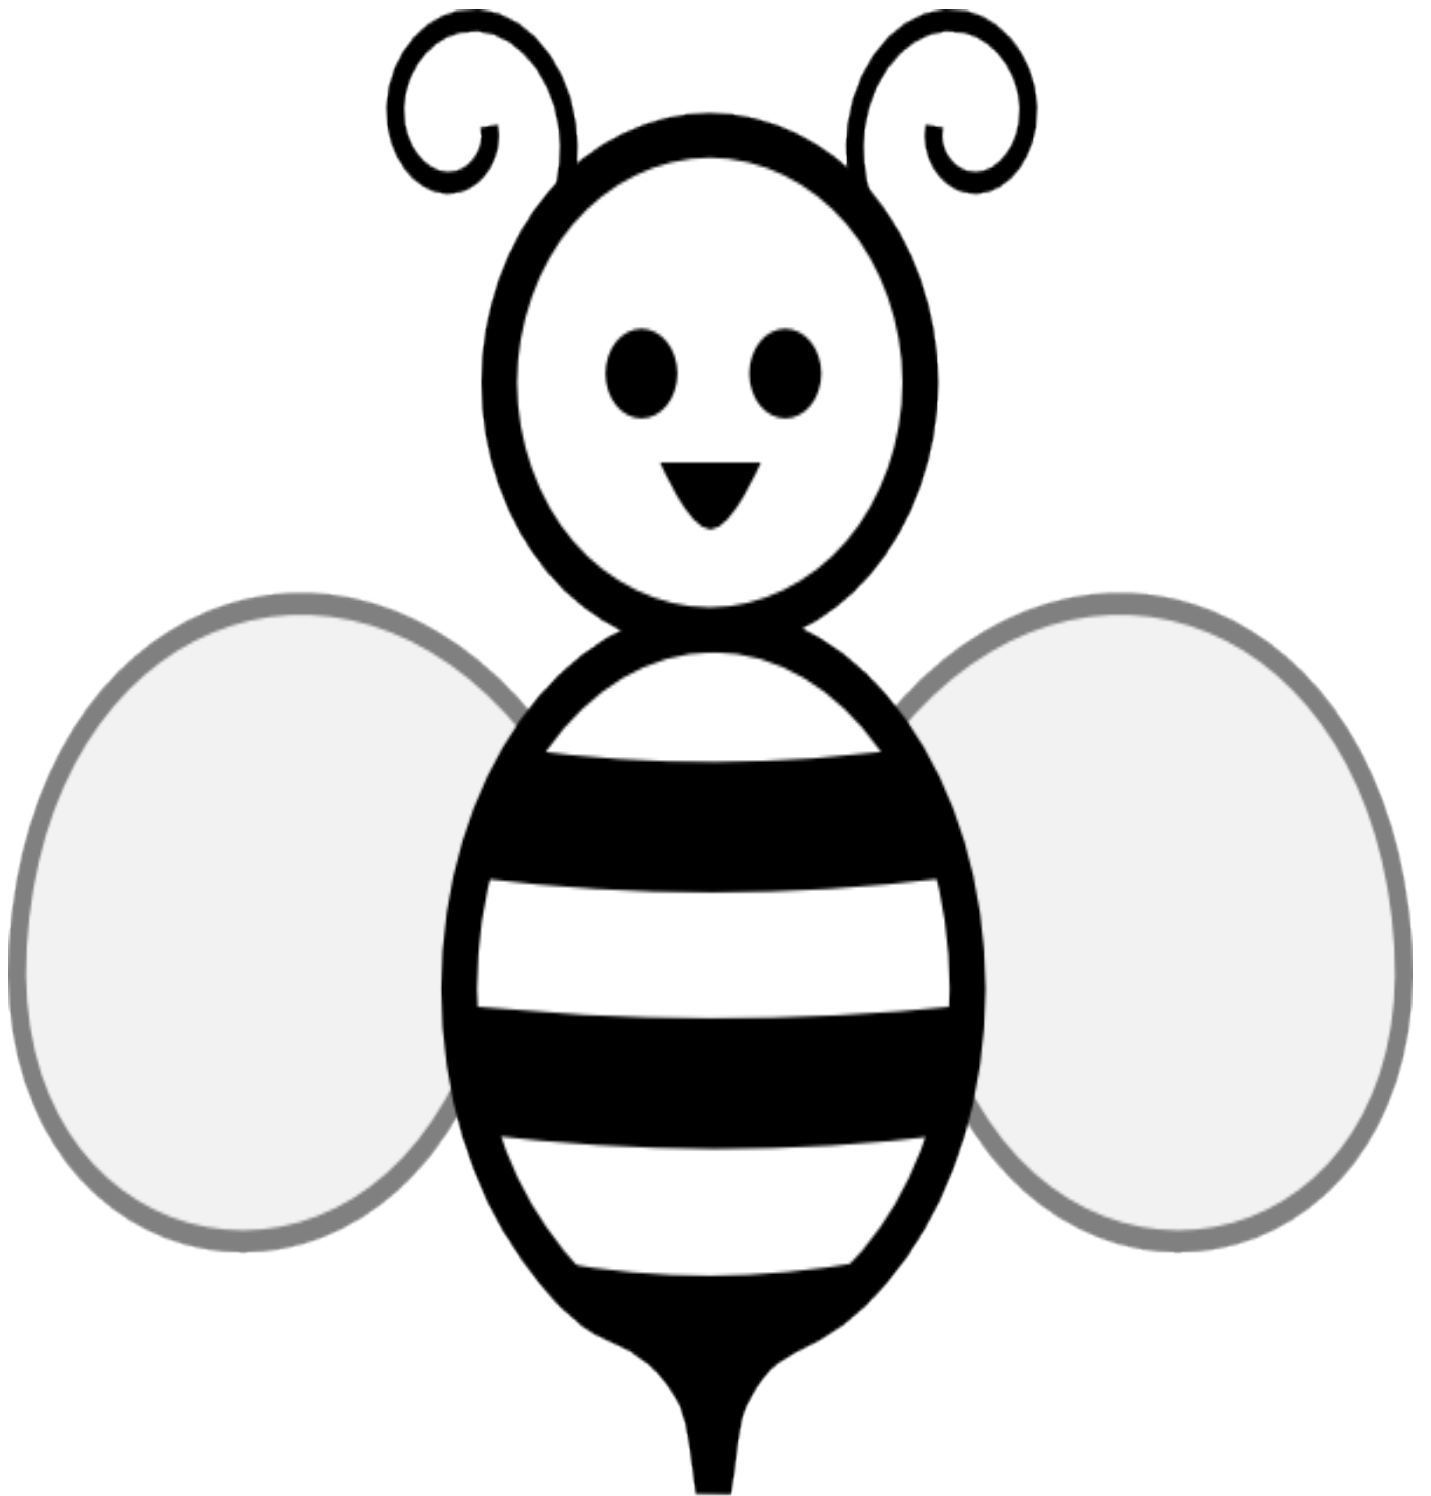

# Bee Easy Craft

Print this bee on yellow construction paper and cut into four pieces. You will have a head, body and two wings. Have your child try to put the bee back together like a puzzle on another piece of construction paper. You can also remove the antenna and provide pipe cleaners. For even more dimension add puffy paint, glitter glue or pom-poms to this craft.

bee

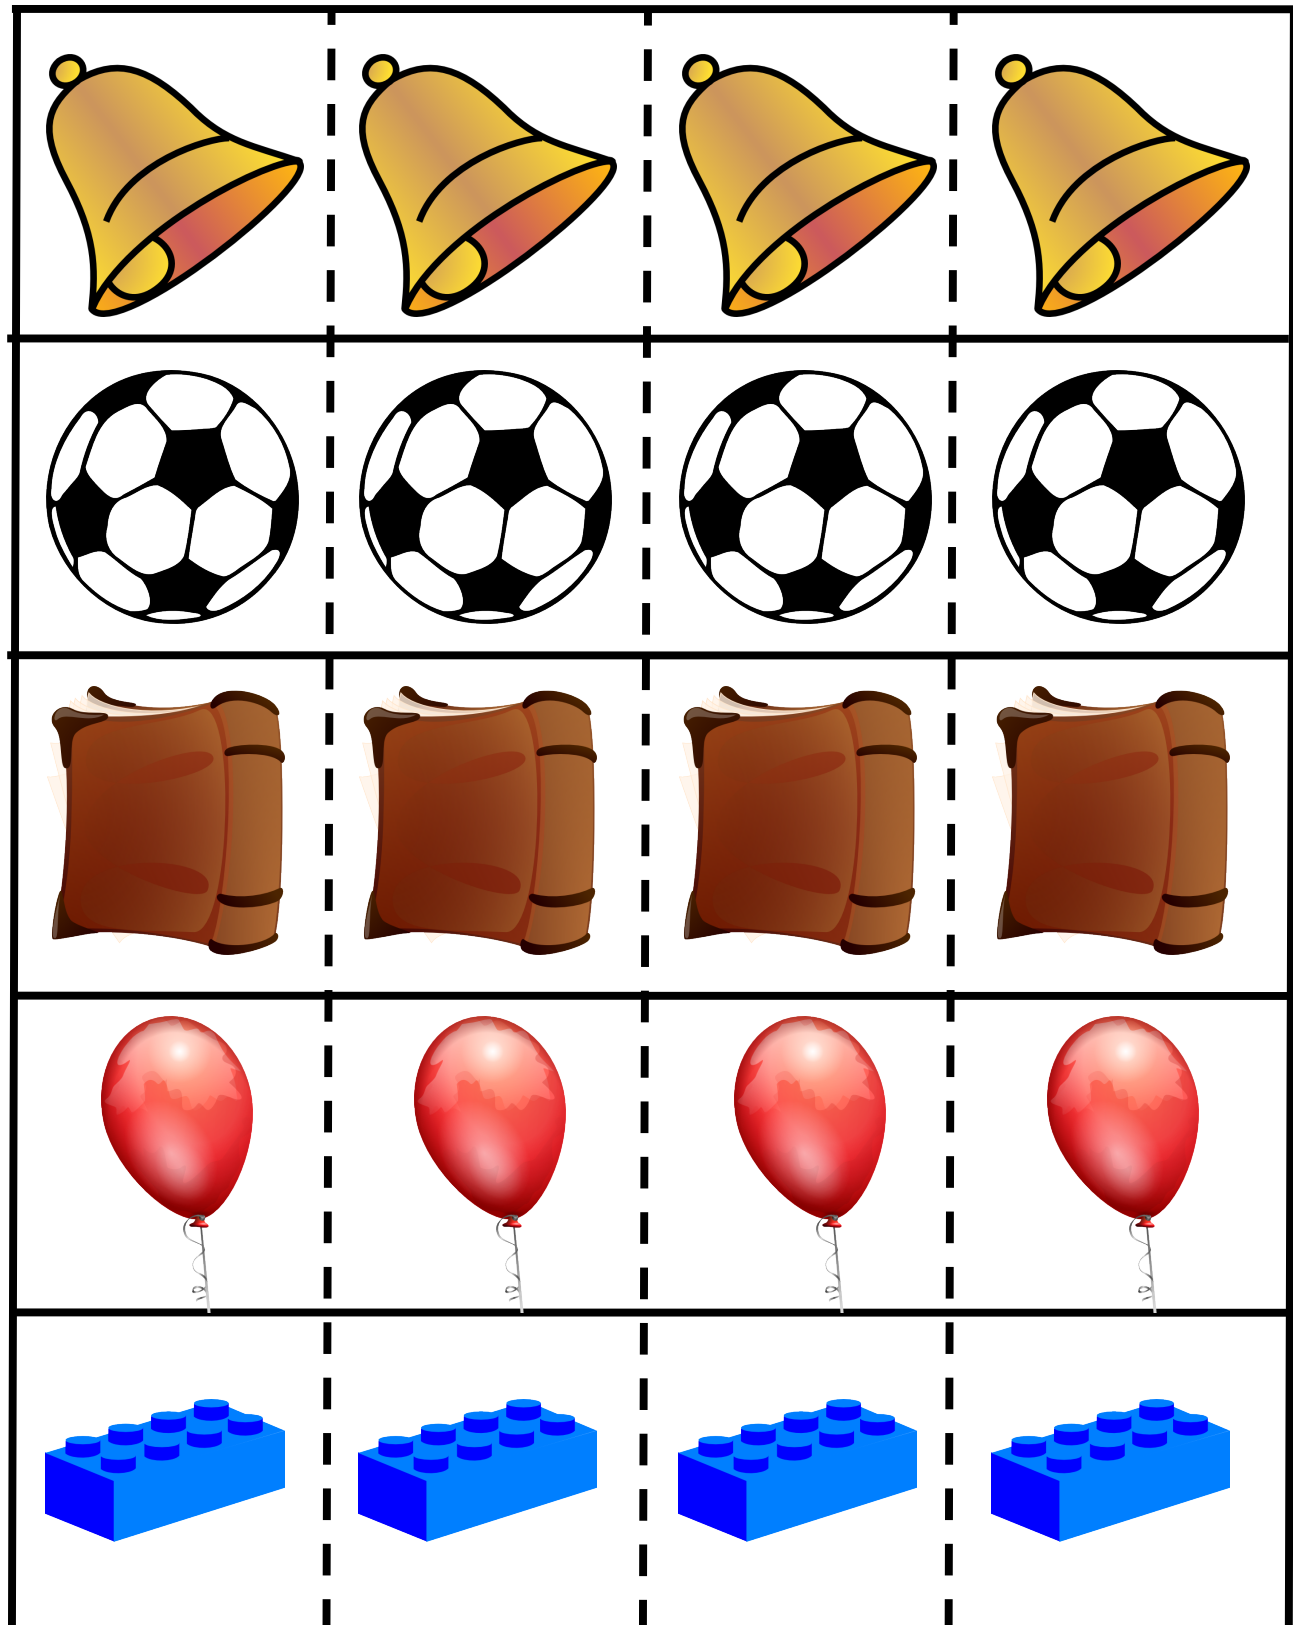

# Ball Lace-up

Print, laminate and cut out ball picture. Use hole punch to punch holes into circles near the edge of the ball. The card can be used to practice lacing with a shoestring or piece of yarn.

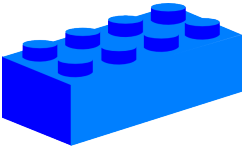

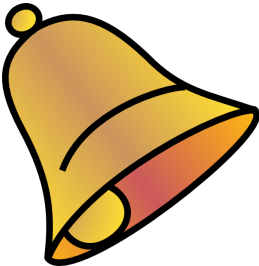

# Cutting Practice

Parent: Cut into strips  
at dark lines.  
Child: Cut dotted line.

# Align & Count

## Hop-to or Wall ID

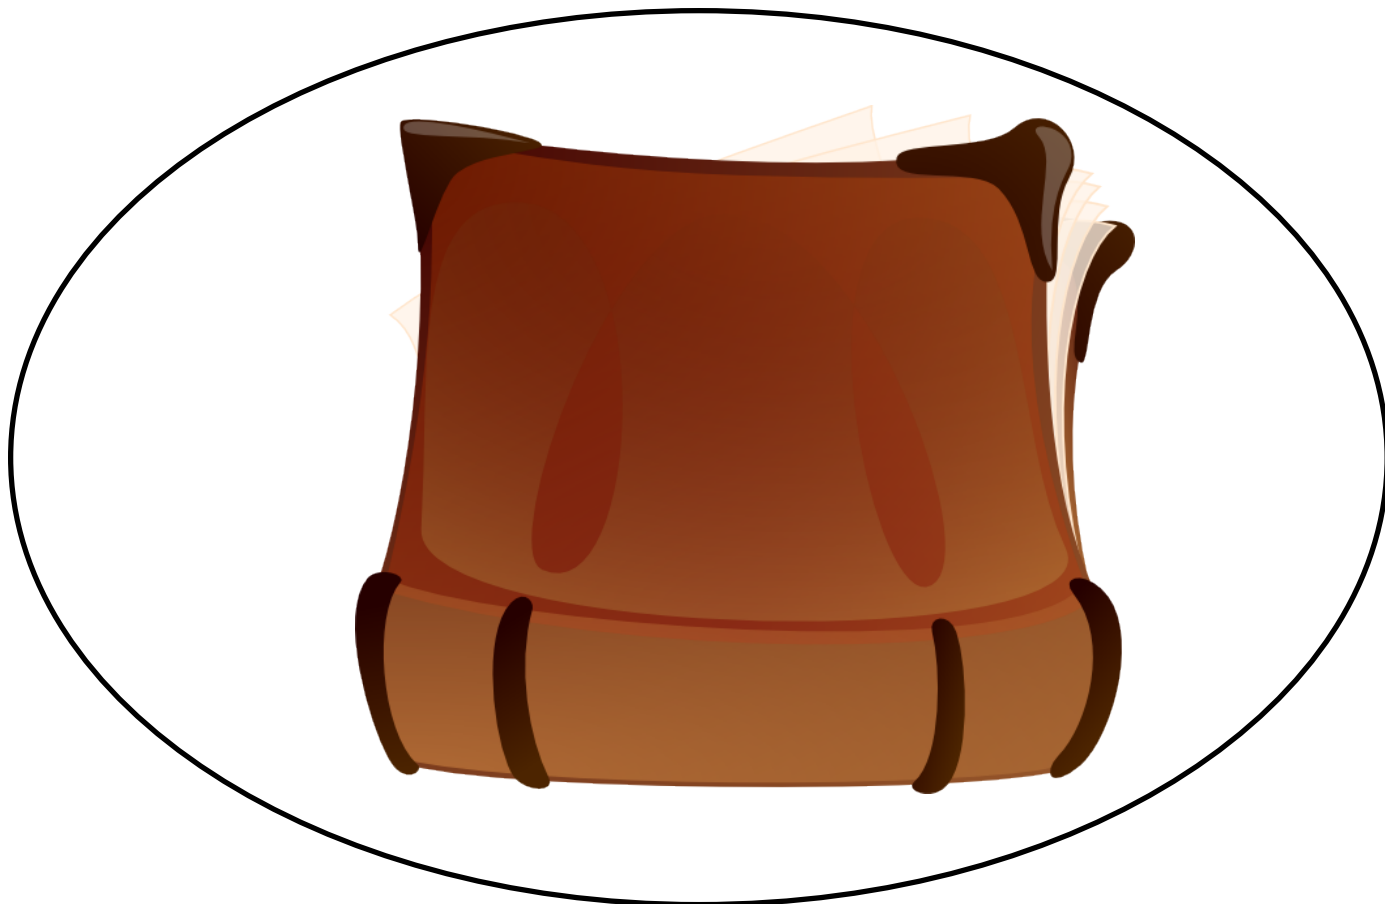

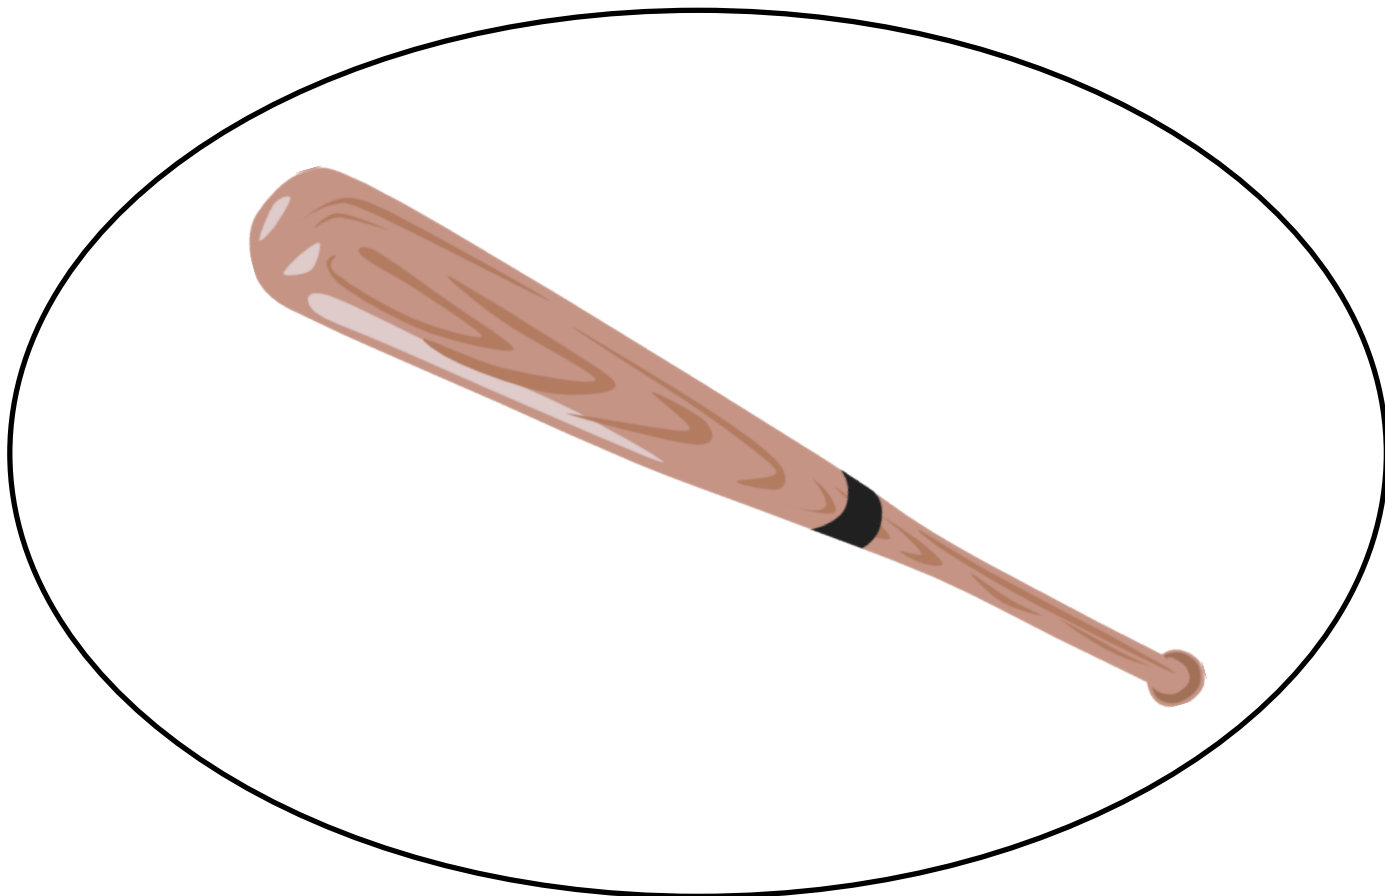

HappyandBlessedHome.com

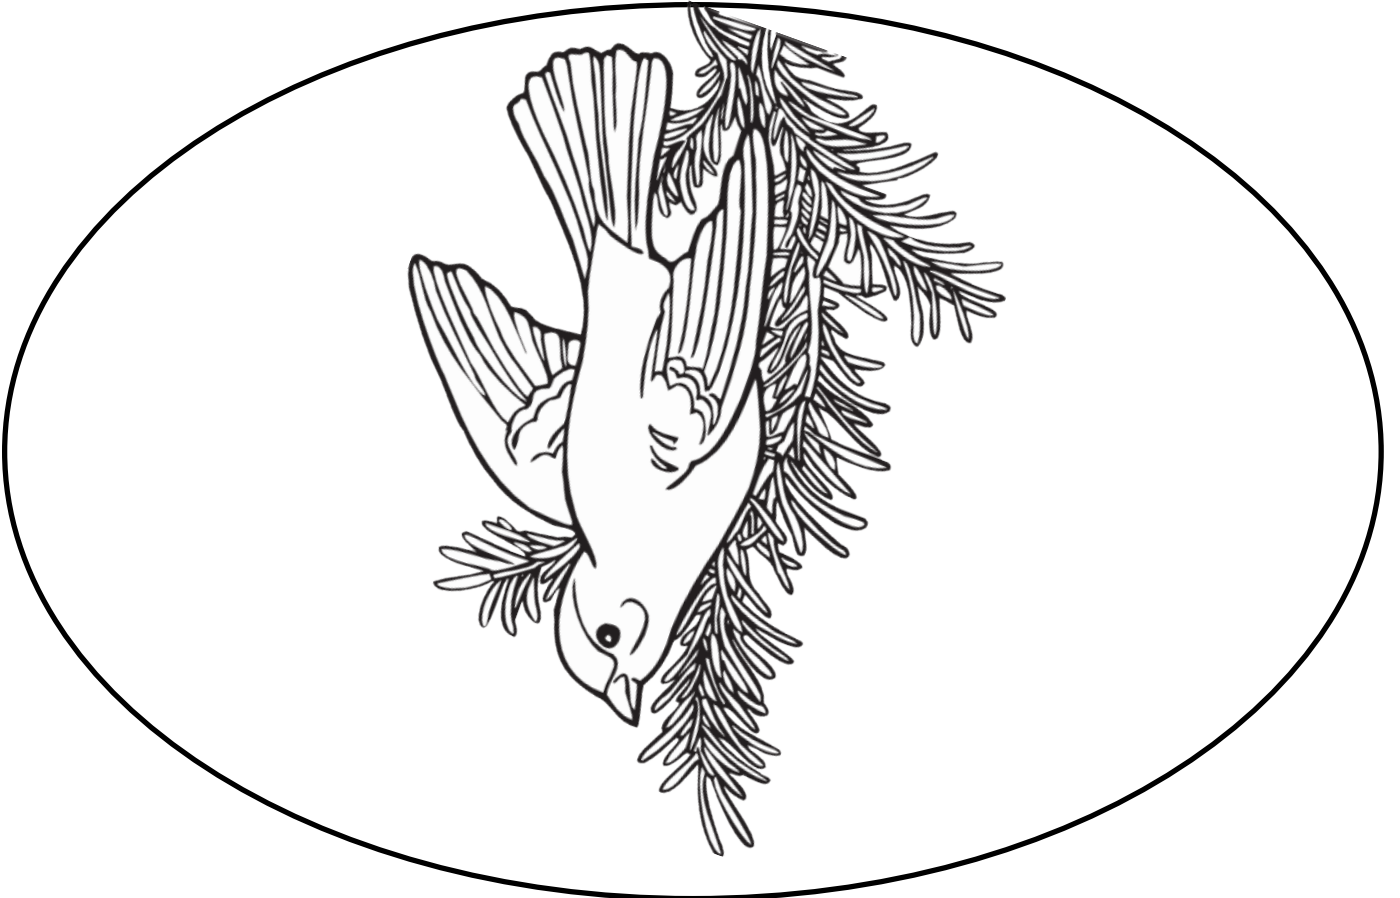

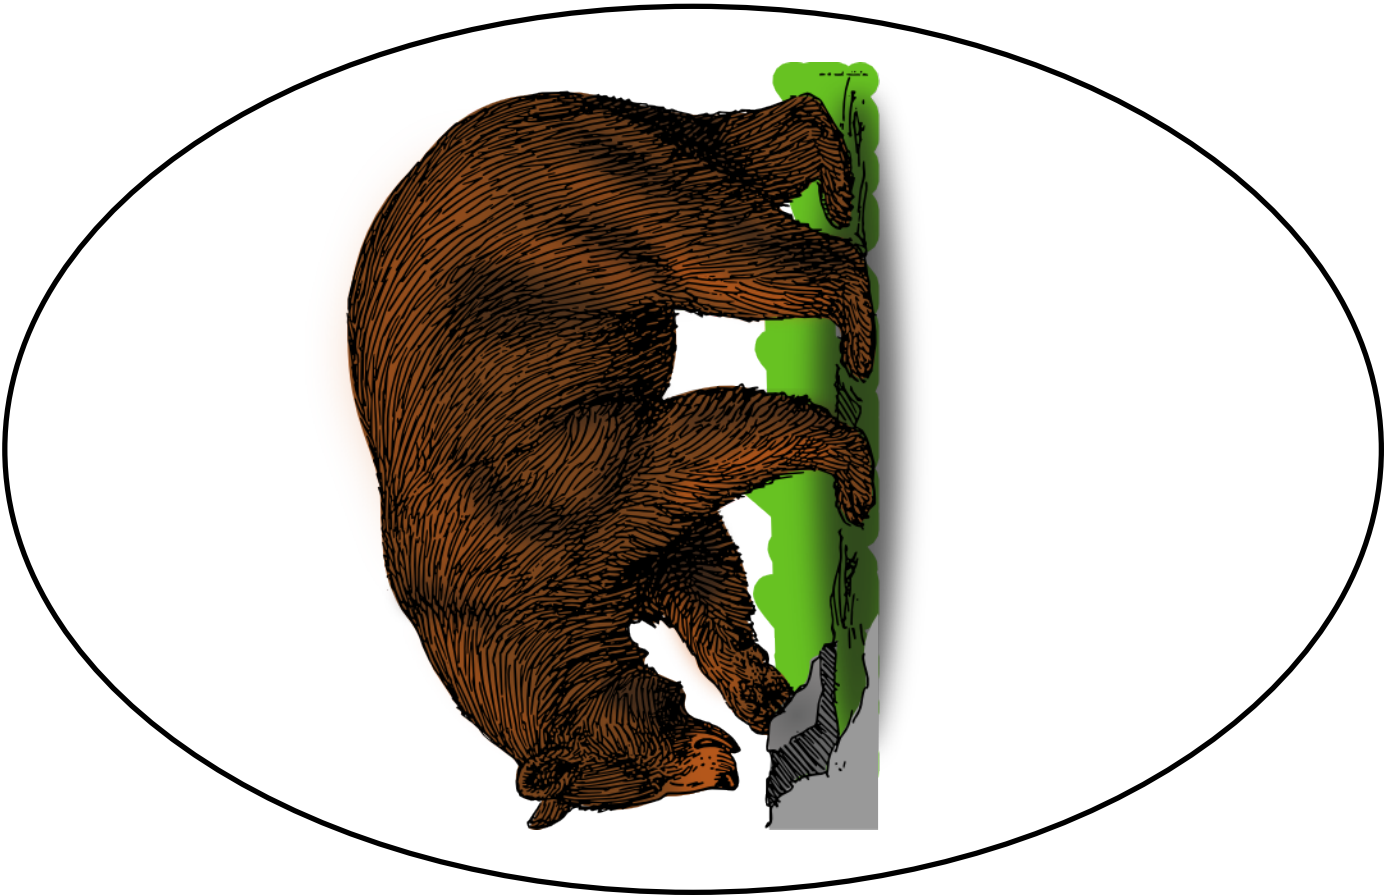

1. Laminate and cut the oval shaped cards.
2. These can be hung on the wall or taped to the floor.
3. Review the flashcards with your child.
4. Place the cards on a table in a stack. Draw from the stack (or have the child draw from the stack) and ask your child to tell you which image or word goes with each matching card.
5. The child has to touch the card that matches either by standing on it or by touching it on the wall. You can also have them stick a flashcard on the oval picture that matches the card.
6. You can match the images to the images, or for greater difficulty show them the card with a word on it and ask them to read the card.
7. Variation can include a “twister” type version where you ask the child to touch a card with his right foot, then the next card with his left foot and so on.

# Letter “B”

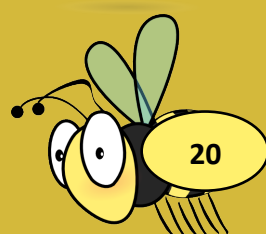

## Bees Game

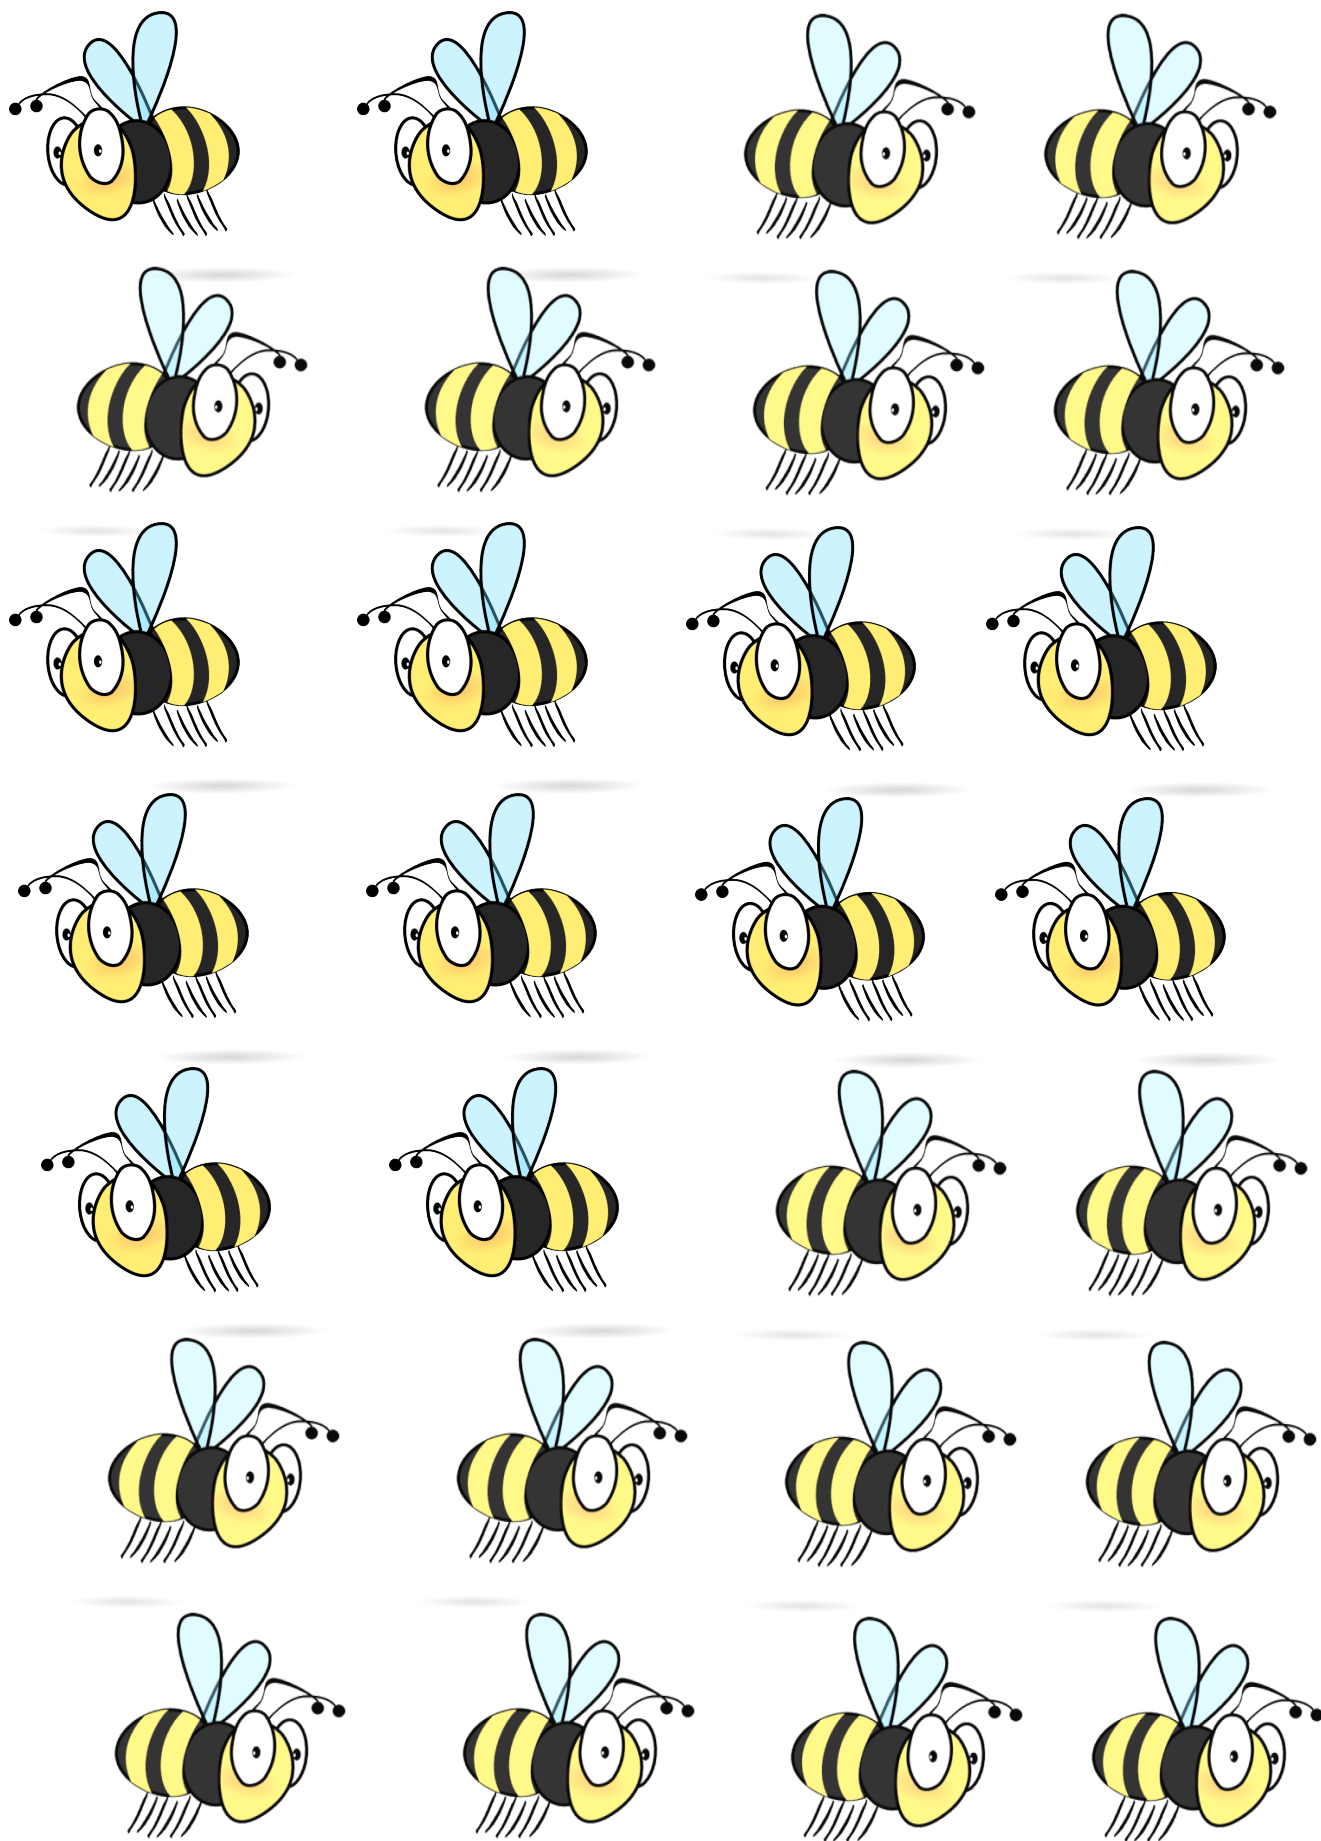

1. Laminate the bee hive and bees. Cut out the bees.
2. For use as a word game, review the flashcards with your child.
3. Hang the bee hive. You can add the bees to the hive or ask the child to do so as he/or she recognizes and says the word on each bee.
4. Stack the flashcards in a pile. The child can either get a bee right by matching the words or the word to the picture.
5. For every bee guessed correctly, the child gets a bee (see pages). If playing with more than one player the child with the most bees wins. Play through all the cards at least once.
6. You can also use the bees for counting and or easy math such as addition or subtraction.
7. Reward player(s) with honey on a cracker at the end of the game.

You can also use this as a counting activity. Ask your child how many bees are near the hive. Use the bees for basic addition and subtraction. If you print these bees on an 8 ½" x 11" white or clear shipping label you can use them as stickers.

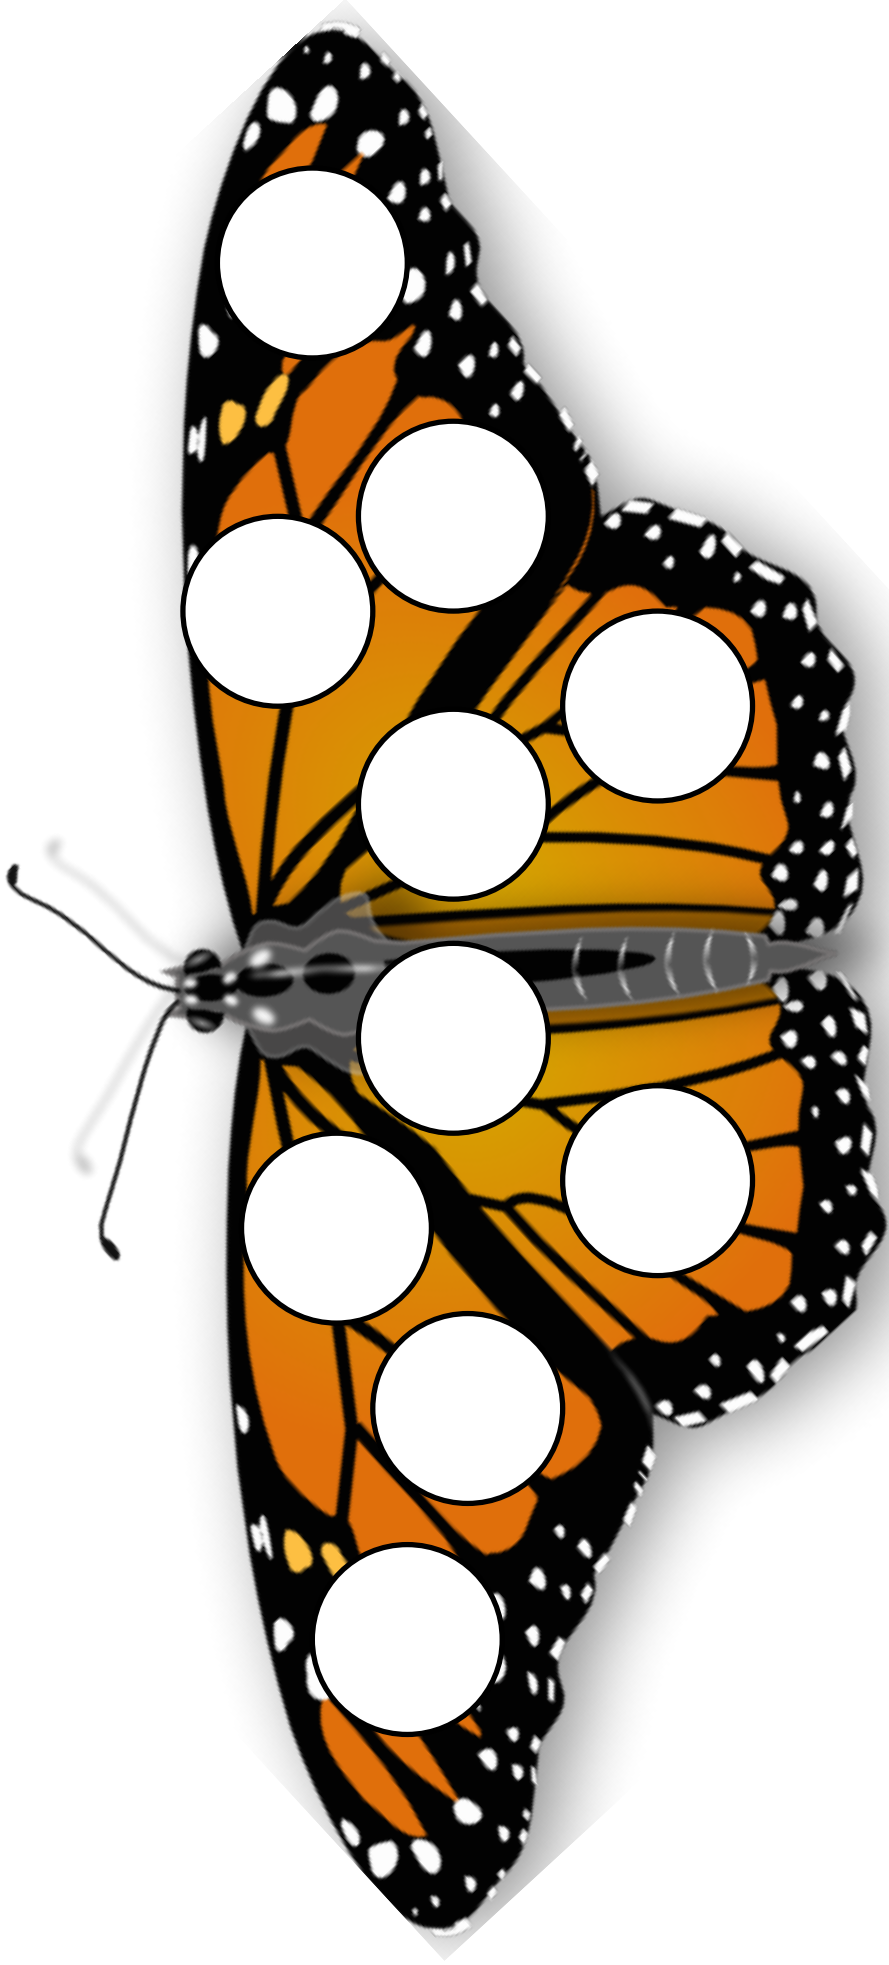

# Letter “B” do-a-dot

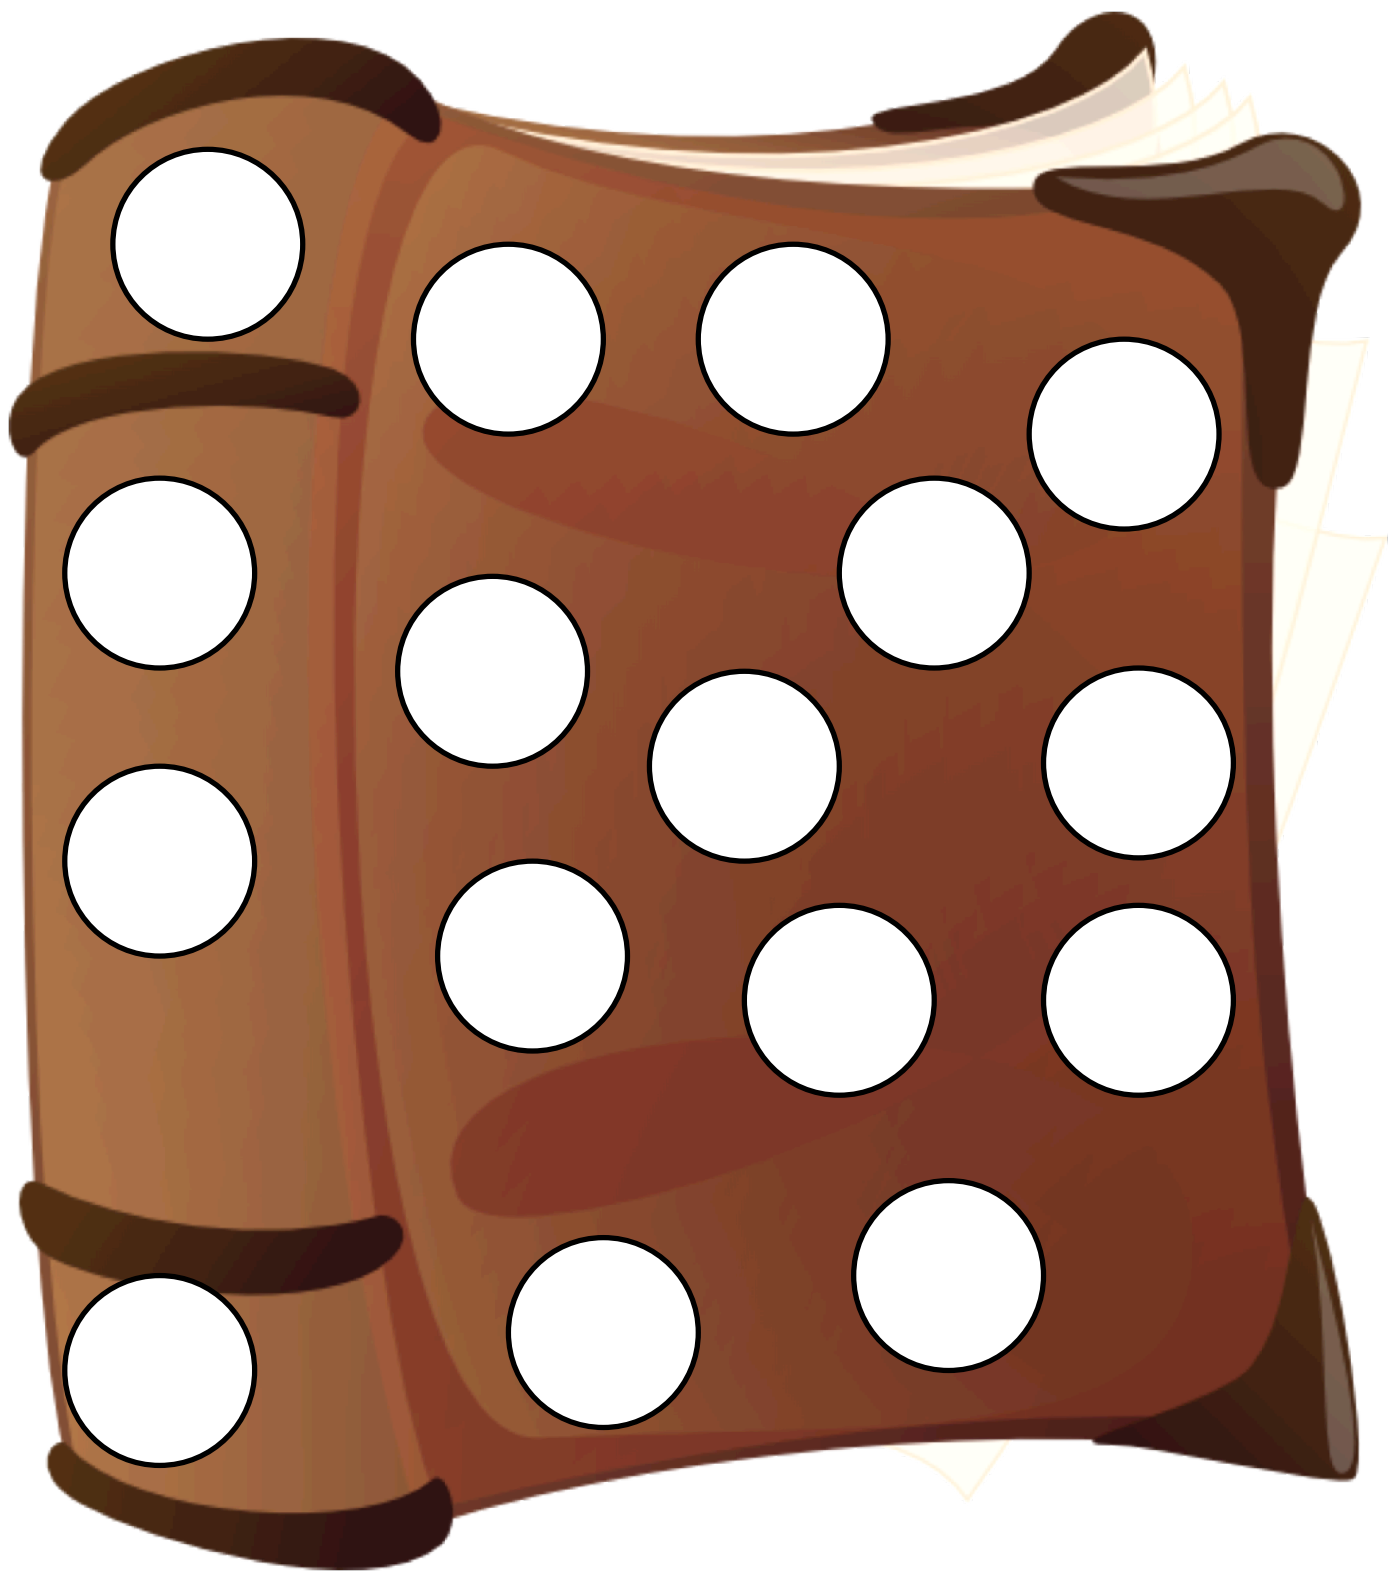

HappyandBlessedHome.com

This is a great activity to complete with do-a-dot paints. You can also provide your child with stickers, pom-poms or some other small object to fill in the white circles.
